- Transportation terminals | Warehouses

The Anixter Difference

Integrating audio and video (A/V) solutions into multiple applications is the latest step in the evolution of building performance, security and sustainability. Understanding how mass notification, video surveillance, intercom, digital signage and other products integrate to provide added benefits is essential for commercial and residential applications.

Anixter's sales force brings together leading manufacturers to recommend stand-alone, hybrid or integrated solutions. Anixter's complete product offering incorporates audio, video, access control, intrusion and alarm functionality into your network.

Whether it is a 70-volt distributed or low-impedance system, a 24-volt system or an IP-based platform, Anixter's salespeople are available to help you make informed decisions about your A/V solutions.

Anixter offers complete A/V solutions including:

- Indoor and outdoor speakers and horns
- Emergency notification systems
- VoIP
- Elevator phones and intercoms
- Autodial phones
- Intercom systems
- Music systems
- Signaling systems
- Microphones
- Mixers and amplifiers
- Audio cables

- Video cables
- Racks and cabinets
- Category 5e, 6 and 6A cables
- PoE
- Uninterruptible power supplies (UPS)
- Preterminated cable assemblies
- Digital signage.

Our Supply Chain Solutions

A distributor's value to a customer is measured by more than its ability to get the right product where it needs to be. At Anixter, value is measured by helping customers accomplish the following:

- Avoid costs
- Enhance financial performance
- Save time
- Mitigate risk
- Improve productivity
- Create scalable and repeatable services
- Improve efficiency

READY!SM Deployment Services by Anixter map distribution and Supply

Chain Solutions to the construction or deployment process of any technology project. We combine sourcing, inventory management, kitting, labeling, packaging and deployment services to simplify and address the material management challenges at the job site(s). READY! Deployment Services by Anixter will help improve the speed of deployment, lower your total cost of deployment and deliver your product specifications as planned.

Our Products
