

Horizontal Building Space

- Copper and fiber optic cable
- Flexible cable runway
- J-hooks
- Indoor plenum innerduct
- Cable ties
- Wireless access points
- Building wire
- Ceiling- and wall-mount zone enclosures
- In-building wireless (IBW)

Workstation

- Jacks, adapters and faceplates
- Patch cords
- Labeling
- Surface raceway
- Telephones
- Headsets
- Voice and visual paging
- UPS and power protection products

Telecom Closet

- Copper and fiber optic cable
- Patch cords and patch panels
- Racks, cabinets and shelving products
- Cable management
- Grounding and bonding
- UPS and power protection
- Cooling solutions
- Tools and test equipment
- Switches
- Power over Ethernet (PoE)
- Media converters
- Transceivers

Riser Building Space

- Copper and fiber optic backbone cable
- Firestop
- Building wire

Remote Manufacturing Facility

- Electrical and electronic support and supply products (cable tray, cable ties, etc.)
- Power cable
- Instrumentation and control cable
- Specialty industrial cable
- Portable cord
- Industrial networking products
- Industrial control cable
- Industrial communications cable (Ethernet, fieldbus, fiber)
- Enclosures
- Perimeter security
- Power distribution and power protection
- In-building wireless (IBW)

Commercial Building

Remote Manufacturing Facility

Security Systems

- Video surveillance
- Access control
- Network and environmental monitoring
- Sound and paging systems
- Fire and intrusion products
- Low-voltage and fiber cabling
- Accessories
- UPS and power protection
- Architectural hardware
- Key systems/key control
- Security consoles
- Video management software
- Servers and storage

Data Center

- Copper and fiber optic cable
- Patch cords and patch panels
- Intelligent infrastructure management
- Preterminated copper and fiber solutions
- Racks, cabinets and shelving
- Cabinet locking systems
- Cable management
- Intelligent rack power strips
- Grounding and bonding
- Precision cooling units
- Power distribution units (PDUs)
- Uninterrupted power supplies (UPS)
- Intelligent lighting
- Cooling solutions
- Overhead duct and ladder rack
- Environmental monitoring and management products
- Switches
- Console servers
- Device servers
- CSU/DSU
- KVM switches and console managers
- Power cabling and accessories
- Power over Ethernet (PoE)
- Access control and surveillance systems
- Tools and test equipment
- Building entrance protection

Supply Chain Solutions

Anixter's Supply Chain Solutions can help customers stay profitable and competitive in the marketplace. By customizing our Supply Chain Solutions, we provide our customers with effective, scalable and repeatable solutions to eliminate costs, save time, mitigate risk and enhance productivity through the deployment process.

3Com	Digi International	IQinVision	Redwood Systems
