Hospitality/Restaurant

Setting the right atmosphere with superb quality background music

Creating a cool trendy environment is essential for hospitality and restaurants. They generally require compact sound solutions to cater to their background music needs, as they have smaller distances and fewer zones to cover.

- ▶ Loudspeaker systems such as the LC2 premium commercial loudspeakers provide superior acoustics for these kind of venues.
- ▶ The perfect addition to these loudspeakers is the PLENA matrix – ensuring excellent sound thanks to a smart equalizing approach and built-in limiters. Low operating costs and expandability additionally ensure that the system can be used for years to come.

Gym/Fitness Center

Stay energetic and focused with superb quality background music

Fitness goals need focus, and a great gym environment requires the right music to keep the practice rhythm and pace. Whether that's a soothing mantra in the yoga section, or a techno vibe in the cardio area, it's clear that a capable system should be able to handle different music and volumes at the same time.

- ▶ The PLENA matrix Digital Sound System, with intuitive configuration and user interfaces for ease-of-use for different zones or sections.
- ▶ Combined with LC2 Premium commercial loudspeakers, visitors will enjoy exceptional sound throughout their fitness journey.

Retail Outlets

Stay energetic and focused with superb quality background music

Retail businesses are finding new ways to connect with consumers, with the most successful businesses positioning themselves as more than simple shopping locations. They are transforming into distinctive environments enhancing the customer experience and creating new revenue opportunities.

► The PLENA matrix Digital Sound System, with intuitive configuration and user interfaces for ease-of-use for different zones or sections.

► Combined with LC2 Premium commercial loudspeakers, visitors will enjoy exceptional sound throughout their shopping journey.

► Call stations (PLM-8CS) can be used for making announcements when adding Plena Matrix controller (PLM-8M8) to the setup.
