

ENSURE EARLY DETECTION OVER LARGE DISTANCES

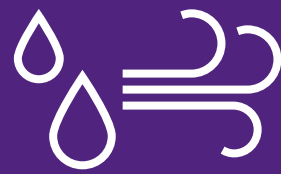

THERMAL IP PORTFOLIO

In mission critical environments with limited vision due to poor lighting, smoke or complete darkness, Bosch IP thermal cameras make a world of difference due to their combination of Intelligent Video Analytics and thermal imaging.

Intelligent Video Analytics

Video analytics for extremes

Reliable alerts, even in extreme weather conditions

Video Analytics extremely resistant against shaking

Ensure early detection over large distances (762m)

Mission critical applications:

Perimeter protection

Traffic monitoring

Ship tracking

DINION IP thermal 8000
