

LEGRAND BRANDED TRANCEIVERS WARRANTY INFORMATION

Warranty

Our warranty states that Legrand optics and other products are guaranteed to be 100% compatible with the OEM version of the same part for life.

All Legrand products have been thoroughly tested to be free of defects in material and workmanship. If any product should malfunction while used in its recommended environment during the applicable warranty period, Legrand, at its option, will repair or replace the product at no charge, provided the product or any part thereof has not been abused, misused, neglected, replaced, repaired, or modified. Legrand shall make the final determination as to the existence and cause of any defect. No warranty is made with respect to custom products produced to original Buyer specifications, except as specifically stated in writing by Legrand. Buyer acknowledges and agrees that neither Legrand nor any agent or representative of Legrand has made any warranty, promise or guarantee regarding to product or its suitability for any particular use except as expressly set forth herein. Legrand's warranty shall not be enlarged, diminished, or affected by, and no obligation or liability shall arise or grow out of, Legrand rendering of technical advice or service in connection with any product furnished thereunder. Legrand makes no representation or warranty whatsoever to Buyer with respect to the performance, appropriate use, safety or characteristics of the products, except as expressly provided herein. Legrand reserves the right to make modifications to both hardware and software without prior notification.

THE FOREGOING EXPRESS WRITTEN WARRANTIES AND REMEDIES ARE EXCLUSIVE AND ARE IN LIEU OF ANY OTHER WARRANTIES OR REMEDIES, EXPRESS, IMPLIED OR STATUTORY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. ALL WARRANTIES ON ALL PRODUCTS ARE NOT TRANSFERABLE TO ANY OTHER PRODUCT NOR ANY OTHER PERSON.

OEM Warranties

Legrand products will not void other manufacturer's warranties. By law, manufacturers cannot require that consumers purchase only their upgrades in order to maintain the product warranty. These laws were designed to encourage competition by allowing consumers to buy products they might have preferred to purchase elsewhere and on different terms.

To be clear, no Legrand products interact with other networking products in such a manner that would void warranties from other manufacturers. All of our parts are designed to work perfectly with any OEM product, they require no customisation or modification of any OEM product. You will find that this puts us in full compliance with the warranty agreements of these Major OEMs.
