

SYSTIMAX® iPatch® MPO Shelf

CommScope® introduces the SYSTIMAX iPatch MPO shelves in two configurations – G2 and UHD – as well as upgrade kits for use with existing SYSTIMAX 8 MPO distribution panels. The MPO shelves are orderable as of May 10, 2014 and feature:

- Real-time tracking of changes to physical layer connections
- Port level push button tracing with LED visual identification
- No downtime upgrade kits for use with previously deployed “iPatch Ready” SYSTIMAX PATCHMAX panels and shelves
- Elegant SYSTIMAX 360 design
