

SYSTIMAX 360™ 360G2 Fiber Shelf Enhancements

CommScope® announces enhanced SYSTIMAX 360G2 fiber shelves – orderable beginning May 15, 2014. The changes and modifications have been made to provide greater usability and a better customer experience with the product.

- Enhanced door hinge points and improved latching
- Improved module accessibility – door rotation increased to 120°
- Direct attach trough for 1U and 2U shelves makes installation and removal easier and faster
- New trough bracket design also provides better access for module installation and removal
- Flip label kit will now be included with shelf, no need to order separately

Ordering Information:

The deactivation date of current products will be May 30, 2014. Direct replacements for these products are referenced in this table. Please visit [Product Catalog](#) on May 15th to access product specifications.
