

Fiber Apparatus Consumable Kit Consolidation and Deactivation Notification

Global Communications

CommScope® announces the consolidation of the Uniprise® and SYSTIMAX® fiber optic consumable kits. This consolidation will remove existing Uniprise products and provide existing SYSTIMAX Material IDs as replacements, thereby simplifying the ordering process.

This consolidation shall also result in the discontinuation of some products that have been maintained but have now become obsolete. This consolidation will result in a CommScope branded consumable kit. Please see the attached tables for the affected products and replacements.

| Existing Products For Consolidation | | Recommended Replacements | | | |
|-------------------------------------|--------------------------|--------------------------|-----------|-----------|--|
| MID | Product Description | Action | Effective | MID | Product Description |
| 700005309 | SM EZ D-182985 | DA | TBD | 760000810 | EZ ADHESIVES KIT |
