KRAMER@WORK

Complete Meeting Room Solutions

From quick and casual small-team presentations to large meeting spaces and formal gatherings, Kramer@Work offers complete meeting room solutions for any need, any budget.
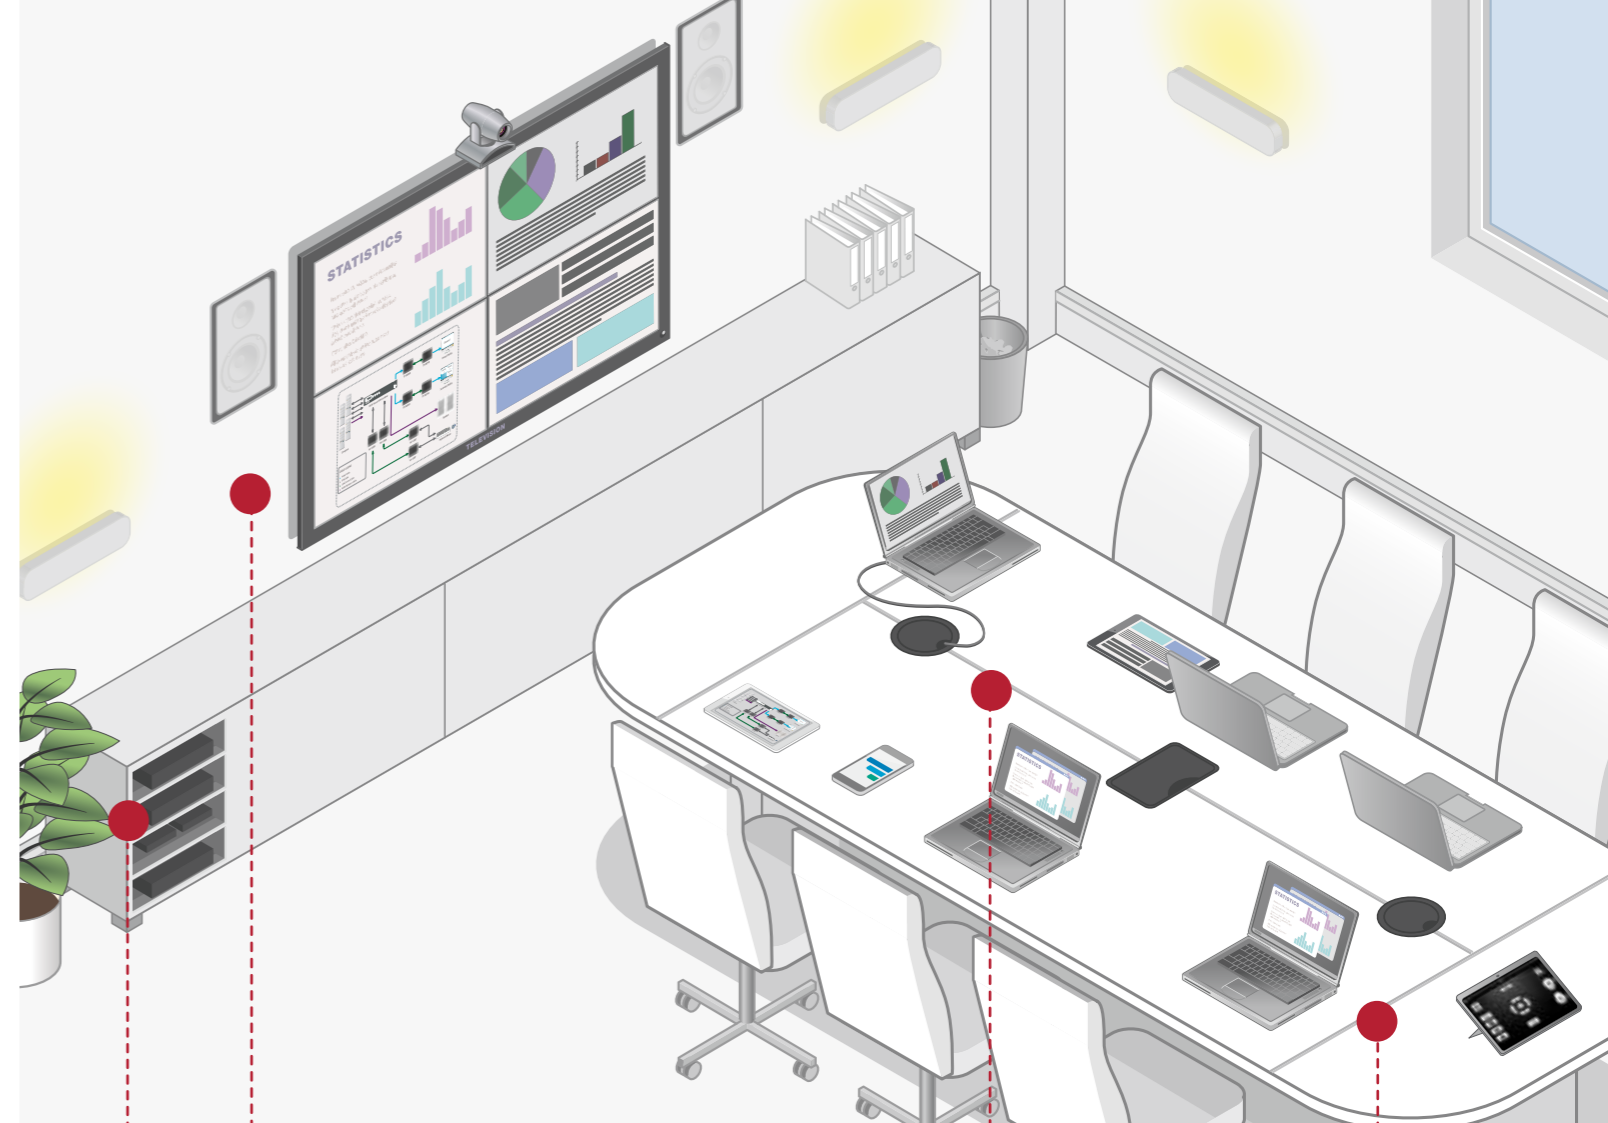

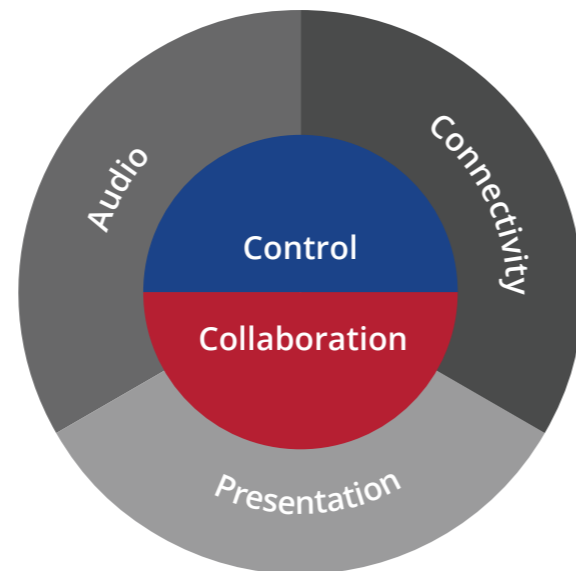

Complete Meeting Room Solutions

Not all meetings are created equal. **Kramer@Work** delivers optimal, intuitive meeting environments for any room need or meeting style with 5 key AV elements — **Presentation, Control, Collaboration, Connectivity,** and **Audio.**

The Dynamic Core of Kramer@Work

With advanced Control and Collaboration at its core, Kramer@Work room environments let you seamlessly control the flow and pace of a meeting, how content is shared and how participants collaborate. Kramer@Work empowers you to affect the outcome of any meeting — exactly how it was envisioned.

All You Need for Any Meeting

Get Started Easily

Connect and present instantly to the main display with any laptop or mobile device — wired or wireless.

Seamlessly Switch Between Presenters

Keep meetings running smoothly with intuitive switching between multiple presenters and AV sources.

Make Collaboration Easy

With any device, participants can edit a document together in real time, turn the main display into a whiteboard, share any size file, stream smooth HD video, chat with other participants, and collaborate remotely with 3rd-party conferencing and office apps.

Control the Meeting Environment

With an iOS or Android tablet, easily control room elements such as lights, shades, screens, sound, HVAC, and any AV system.

Enjoy Your Audio Experience

Kramer offers optimal audio solutions tailored to any room or meeting need.

In the Rack

AV sources in the rack such as a PC, DVD, Blu-ray, and a video conferencing system are connected directly to Kramer's presentation system.

At the Table

Easily connect your device around the table to present content. Kramer offers a variety of solutions that include versatile table plug-in ports and instant wireless connectivity for BYOD meeting participants.

On the Wall

Kramer offers a wide variety of in-ceiling, on-wall and in-wall speakers that deliver the highest possible audio clarity and coverage for any need. Kramer also offers in-wall active BYOD plug-in ports.

Room Control Panel

With an iOS or Android tablet, anyone can easily control room elements such as lights, shades, screens, sound, HVAC, and any AV system.

Room Style

- Large, formal meeting environment with multiple displays
- 8 to 25 people (and even more)
- Multiple presenters
- Cutting-edge AV systems
