

# WE ARE DATA, POWER & CONTROL

REDEFINING NETWORK INFRASTRUCTURE THROUGH INTEGRATED SOLUTIONS FOR DATA, POWER & CONTROL

At Legrand's Data, Power & Control Division we uniquely differentiate ourselves with an intense focus on customer requirements and challenges - responding to those needs with a complete catalog of premium-engineered, purpose-built offers. Each of our brands, including **Ortronics®**, **Raritan®**, and **Server Technology®** boasts a long history of solving difficult requirements with innovation and engineering. With the world's largest R&D team focused solely on datacenter whitespace and digital building infrastructure solutions, Legrand's Data, Power, and Control Division offers IT and data center managers a true innovation partner. Our premium, best-in-class designs lead the industry across multiple product categories, while customers still retain the convenience and security of a single vendor.

**Raritan** is a global leader in manufacturing intelligent rack PDUs, KVM switches, and other data center infrastructure monitoring and management solutions. Raritan's innovations improve the reliability, efficiency, and intelligence of data centers and server rooms around the globe. [www.raritan.com](http://www.raritan.com)

**Server Technology** specializes in manufacturing award winning rack PDU technology solutions like HDOT Cx, HDOT, and Alternating Phase Technology that provide unsurpassed flexibility, density, and load balancing capabilities in one PDU chassis delivered in 10 days or less. [www.servertech.com](http://www.servertech.com)

**Ortronics** is a global leader in network infrastructure solutions, with a broad range of copper and fiber connectivity, cabinets, and cable management. With recognizable names of **Quiktron®** and **Infinium™**, Ortronics products feature flexible, efficient solutions, united by superior design, to ensure that your data center or building network operates flawlessly. [www.legrand.us/ortronics](http://www.legrand.us/ortronics)

**Legrand Optics** are the premier provider of quality optical connectivity products, including optical transceivers, DACs, and AOCs. Our renowned testing capabilities, proprietary quality tracking system, industry leading warranty and superior technical support put us ahead of the rest. [www.legrand.us/transceivers](http://www.legrand.us/transceivers)

**Legrand Cabinets and Containment** are designed to support cable and airflow management while providing an effortless installation to meet all network and server requirements. With a full range of market-leading cabinets for small edge, enterprise, hyperscale, cloud, and colocation data centers, Legrand has a cabinet for almost any application. [www.legrand.us/markets/data-center/cabinets](http://www.legrand.us/markets/data-center/cabinets)

**Legrand Physical Support** solutions include the renowned Mighty Mo family of racks, our standard EIA line of racks, the innovative Compact Edge Cabinet, and other wall mount enclosures, providing a variety of choices to meet the needs of every installation. No other systems make it easier to install a network with standards-compliant bend radius, cable routing and strain relief - ensuring optimal network performance. **nCompass Systems™** provides an all-in-one solution able to handle and provide everything your network needs by combining the best of Legrand and Superior Essex. This solution provides the latest and greatest in integrated and innovative design while focusing on sustainability and efficiency. [www.ncompass-systems.com](http://www.ncompass-systems.com)

# Product List

## Power

### Rack PDUs

- Switched POPS® PDUs
- Smart POPS® PDUs
- Switched PDUs
- Smart PDUs
- Metered PDUs
- Basic PDUs
- -48VDC PDUs
- Compact PDUs

### Inline Meters

### Hybrid Rack Transfer Switches

### Branch Circuit Monitoring Systems

### Smart Rack Controllers

### SmartSensors

### SmartLock Door Locks

### Asset Management Tags/Sensors

### SecureLock Power Cords

## Remote Access

### KVM-over-IP Switches

### Cat5 KVM Switches

### Centralized Server Management

### Desktop KVM Switches

### Secure Desktop KVM

### Serial Console Servers

### Rackmount Console Drawers

### KVM and Serial Accessories:

- Cat5 Reach DVI HD
- User Stations
- Serial Access Modules
- Computer Interface Modules (CIMs)
- Converters and Adapters
- Cables
- Rack Mount Brackets
- Local Console Controller

## Fiber

### Fiber Enclosures

### Fiber Cassettes

### Fiber Trunk &

### Patch Cable Assemblies

### Fiber Connectors

### Fiber Adapters

### Fiber Adapter Panels

### Fiber Workstation Solutions

### Keyed LC Solutions

### POL/PON (Passive Optical LAN,

### Passive Optical Network)

## Copper

### Patch Cords

### Pre-Terminated Cable Assemblies

### Modular Patch Panels

### Plugs/Jacks/Modules

### Faceplates

### SMB (Surface Mount Boxes)

### Furniture Plates

### Unloaded Panel Kits

## Optics

### Transceivers

### AOCs

### DACs

## Cabinets & Containment

### Server and Network Cabinets

### Hot Aisle/Cold Aisle Containment

### Cabinet accessories

- Horizontal Cable Management
- Equipment Support
- Thermal Management
- Overhead Racks
- Mounting Hardware
- Grounding Kits

## Physical Support

### Channel Racks

### 4-Post Adjustable & Fixed Racks

### 2-Post Racks

### Horizontal, Vertical & Auxillary Cable Managers

### Baffles, Panels, Brackets & Doors

### Single Equipment Shelves

### Double Equipment Shelves

### 4-Point Equipment Shelves

### Wall Mount Shelves

### Equipment Support Brackets

### Vertical Wall Mount Cabinets

### Compact Edge Cabinet

### Swing-Out Wall Mount Cabinet

### Wall Mount Racks & Brackets

### Overhead Cable Pathway

### Blank Filler Panels

### Panel Mounting Hardware

### Runway

### Bonding & Grounding
