

MicroTiles™ Mounting System

MTM-6060

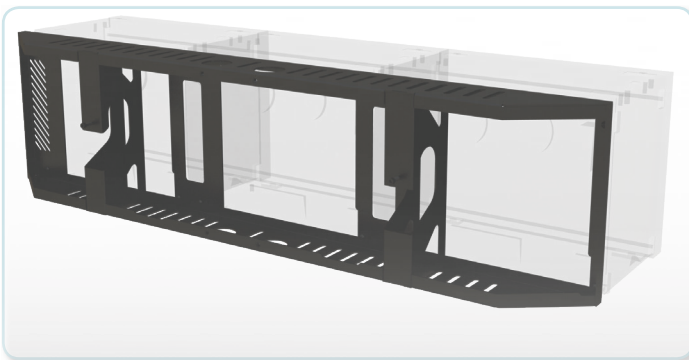

Christie MicroTiles™ Mounting System

DESCRIPTION

The Christie MicroTiles™ mounting system is a unique modular design with minimal components that pack a powerful punch. Providing the industry's quickest installation of MicroTiles™, the MTM is designed for temporary or permanent use, including wall installations or mobile cart and floor stand applications. Installation is quick with no hassle of time-consuming adjustments, especially important in any setting.

FEATURES

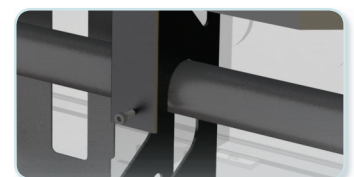

- Pre-install three tiles at a time to mount and then raise onto wall brackets
- Tiles can be attached and stored to mounts for easy transportation
- Hooks on the back of the mounts firmly grasp wall brackets for precise placement
- Various sized wall brackets allow array configuration to the desired size

Rear view of MTM-3000 designed to hold three MicroTiles™

Pre-cut mounting hole for floor stand installations

Integrated precision cut mounting hooks for wall installations

SUGGESTED MSRP: \$13190.00
