

Maximize the Space and Optimize the View

PREMIER MOUNTS
THE ORIGINAL MOUNT COMPANY

Welcome Guests with a Visually Dynamic Setup

The AM100 ultra-slim swingout mount is the perfect flat-panel mount for installations in hospitality settings. With three options for the swingout arm placement, the mount can swing out from the left, right, or center and provide guests with a perfect view from any angle. The mounting arm extends out 30" from the wall and can tilt or pivot to reach the most desired viewing angle. Collapsing to just 1.46" deep, the AM100 has an extremely low-profile that adds functionality without taking away from the room décor.

Provide on demand technology with flat-panel mounts that can be installed anywhere guests or patrons may be.

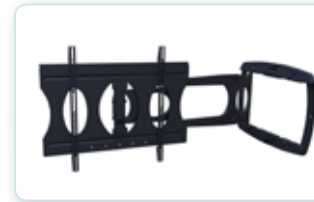

Provoke a sense of comfort with a spacious room layout accompanied by integrated, advanced technology for optimal and comfortable viewing.

Guests can enjoy and relax in any setting with tailor-made mounting equipment to accommodate any room setting.

Unique, Sleek, and Stylized Mounts for Hospitality

AM100
Low-Profile Ultra-Slim Swingout Mount for Flat-Panels up to 100 lb./45.5 kg

Flat-panel placement is a crucial aspect that can affect the entire space, including openness, functionality and overall enjoyability for the guest. Premier Mounts' versatile selection of A/V mounts range in adjustability and flexibility to accommodate any need, and fit seamlessly within the property. Accessories and adapters are also available to enhance functionality, as well as custom, one of a kind products to incorporate perfectly with the decor and ambience.

- Functional mounts are easily integrated and designed with complimentary aesthetics
- Achieve the most favorable, organized room layout with seamless, virtually invisible mounting hardware
- Partially custom to fully custom products are available to match signature looks for a flawless finishing touch including copper, 24K gold and brass

Gaming, Entertainment, & Fine Dining

ECM-3763Q
Quadruple Ceiling Mount for Flat-Panels up to 175 lb.

Building an all-new casino, the ambitious project included installing multiple digital signage platforms throughout the casino including back-to-back, triple, and quadruple display mount formations hung from the ceiling, as well as seamlessly installed swing out, tilt, and pivot display mounts for entertainment at restaurants and bars throughout the facility.

- McClelland Sound chose various Premier Mounts' products including the ECM-3763Q quadruple display ceiling mount for a major construction project at the Kansas Star Casino in Mulvane, KS
- Completion Date: December 2012
- System integrator: McClelland Sound
- Contact: Matthew Wunderlich, President and Sales Manager, McClelland Sound
Paul Colella, Commercial A/V Sales, McClelland Sound
- Architect: JBA Consulting Engineers
- Premier Mounts Sales Rep: Gina Schneider, Central Regional Sales Manager

VESA Tilt and Pivot Mount for Flat-Panels

ECM-3763D
Back-to-Back Ceiling Mount for Flat-Panels up to 350 lb./159 kg

"Premier Mounts provided great service and answered any and all questions we had throughout the install," stated Paul Colella of McClelland Sound.

The Appeal of Custom Design

L180F
Flat-Panel Lift with Floating Lid for Displays up to 135 lb./61 kg

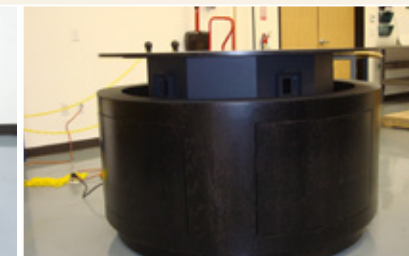

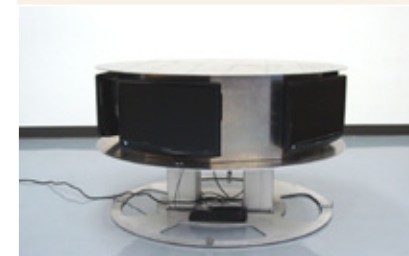

A simple mounting project for five 19" displays within a partially customized table turned into a fully custom, built from the ground up project for a newly designed conference room in a luxury hotel. With a mere 90 days to complete the project, Premier Mounts' custom design and manufacturing took on the project and completely redesigned the table to include lift mechanisms with up to 500 lb. weight capacity, mounting support for five 19" displays, and outsourced vendors for the woodwork and marble leveling and blending. The project was an extreme challenge, pushing Premier Mounts' custom design and manufacturing to the limit, but proved their quality, expertise, and dedication with the successful completion and installation of the project.

- Combining luxury with functionality, our custom design and manufacturing tailored the table's design and layout to fit with the elegant ambience of the hotel
- Completion Date: Late 2009

Taking Viewing Experiences to a New Level

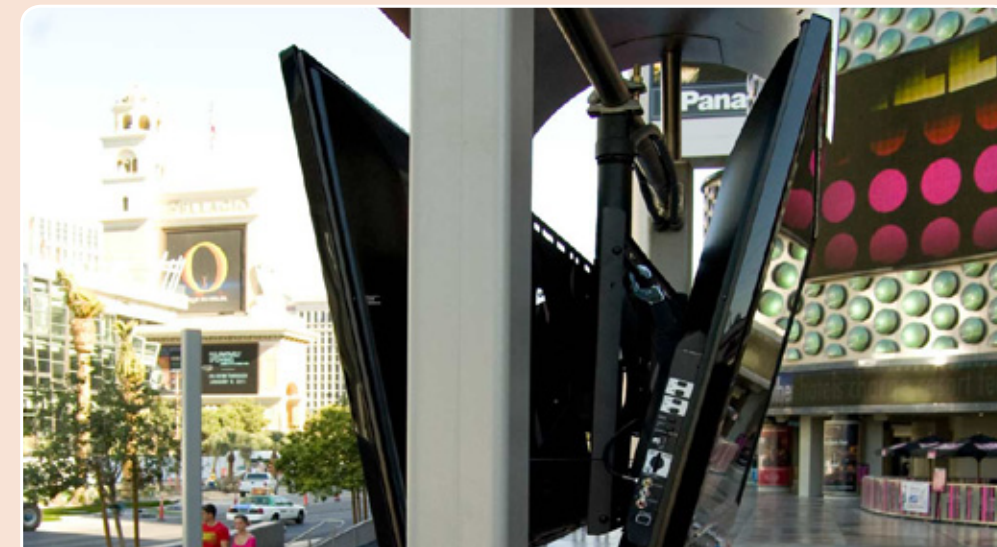

P2642F
Low-Profile Mount for Flat-Panels
up to 130 lb. /59kg

The PBR Rock Bar at Planet Hollywood on the Las Vegas strip wanted to take its patrons' restaurant experience to a whole new level by filling the 16,000 square foot space with over 100 Panasonic 42" and 55" flat screen displays. Working with system integrator R2W, Inc., Premier Mounts provided mounts for all of the Panasonic flat-panel displays including our ECM-3763D back-to-back ceiling mount, CTM-MS2 tilting mount, and our P4263F low-profile mount.

- Flat-panel mounts installed throughout the restaurant to accommodate back-to-back mounting, tilt adjustments, and low-profile mounts with full display accessibility
- Systems Integrator: R2W, Inc.
- Contact: Kevin Potts, Director of Business Development, R2W, Inc.
- Completion Date: September 2010
- Architect: Moser Studios
- Consultant: Tandem Interior Design
- Total Value of the Project: \$350,000

PBR Rock Bar and Grill Installation

CTM-MS2
Tilting Mount for Flat-Panels up to 175 lb./79 kg

P4263F
Low-Profile Mount for Flat-Panels up to 175 lb./80kg

ECM-3763D
Back-to-Back Ceiling Mount for Flat-Panels up to 350 lb./159 kg

The versatility and flexibility of the mounts chosen along with Premier Mounts' dedication to positive customer experiences, prompted systems integrator R2W, Inc. to choose these mounts.

Lifting the Visual Experience with Power Lifts

L180F
Flat-Panel Lift with Floating Lid for Displays up to 135 lb./61 kg

Designed for versatility and quick installation, our lifts feature an all-steel reinforced floorboard and can support a wide range of flat-panel displays up to 360 lb. Flexible features including an ultra-quiet motor and integrated surge protector, combined with the ability to daisy-chain multiple units for simultaneous operation, make our lift system a complete out-of-the-box experience.

Two off-the-shelf lifts, single or dual pole, are available with two basic top cover options, a floating top or hinged option.

- Single pole lift holds flat-panels up to 180 lb. and dual pole lift holds up to 360 lb.
- Universal flat-panel mount fits up to 775 x 500mm mounting points
- All-steel three-hat channeled floorboard
- Power strip with six "always-on" outlets
- Two-speed lift mechanism with lift controller module
- Rear support collar (RSC)
