

Lower DC electric bill by 3-5% | Lower TCO by \$215 Rack per Year | Be AC GREEN

Patented Methodology and Products | Build it Once | 5 Modular Components

1. Pre-Fabricated Whips - 3 phase AMP specific, labeled, color coded, plug n play
2. zPDS™ - Power Distribution System with patented 3 Phase “balancing”, Dual 30A 208V Inputs, 4 NEMA L21-20R Outputs with circuit breaker at each outlet, 6 NEMA 120V 20A single phase T-Slot Inputs, Protective locking clear front cover, 2U Rack mountable 19” or 23”, 25 Year Warranty, Only 1 Field Issue in 7 Years
3. Zonit Plug Adapters - No electrician needed for power changes, Installed by in house tech, Interoperability with all power strips, AC input 208V WYE (3-Phase) 20A or 30A, Output as specified, Standard 1ft or custom lengths, 25 Year Warranty
4. Zonit Power Strips - 208V 3 Phase 20AMP input, 120V or 208V Output, 20 NEMA receptacles (Single phase 120V or 208V 20AMP T-slot), NEMA L21-20Plug , Standard 10ft or custom lengths, 25 Year Warranty
5. Zonit μATS™ - Automatic Transfer Switch with A/B Redundancy, “Hot Moves”, 99.9 Efficiency, “Zero U”
