RE: Coronavirus

Dear Andax Distributors,

As our country navigates this world-wide pandemic of novel coronavirus (COVID-19), I want to assure you that we are taking all the necessary requirements and precautions to ensure the safety of our employees, customers, supply lines, and our products. We will continue to assess and modify our operating guidelines as necessary and continue to monitor the situation and update you as needed should any changes occur.

Currently, we are maintaining normal manufacturing and delivery lead times. However, we have postponed all customer site visits, joint distributor/customer sales calls, trade show events and general travel. We will be implementing technology assisted calls where needed to facilitate distributor and customer support. Please contact your sales representative for more information.

It is our intention to maintain as normal a work process as possible given the current guidelines. Together we will get past this and I look forward to our country's quick recovery and continued success.

God Bless,

A handwritten signature in black ink, appearing to read "Patrick F. McAtarian". The signature is stylized and fluid.
