COVID-19 ANNOUNCEMENT

First, GMP hopes that you and your families are healthy and safe. Last night our Governor, Tom Wolf, announced the closing of all non-essential businesses in the state of Pennsylvania. Effective the end of business today, we have no choice but to temporarily close our office and plant located in Trevoese, PA. This will also affect our ability to ship product and repair equipment.

We will continue to answer technical questions, accept purchase orders, provide documentation, respond to quote requests as best we can through our telework efforts. Our website, www.GMPtools.com is still the best source for technical information, videos and instructions on use.

Those with open orders can check with our customer service personnel for tracking information. Reschedule dates for orders that will not ship by today are unknown at this time.

Below are direct cell phone numbers & e-mails for key contacts...

Ted Clemens, Director of Sales	C: 215-630-2366	tclemens@gmptools.com
Frank Zaccone, Sales Manager & Technical Assistance	C: 215-630-0155	fzaccone@gmptools.com
Frank McKeown, Office Manager	C: 215-888-0436	fmckeown@gmptools.com
Mike Cantlin, Sales & Repairs	C: 215-915-0595	mcantlin@gmptools.com
Kyle Haywood, Customer Service	C: 215-915-0597	khaywood@gmptools.com
Debbie Lapinsky, Accounts Receivable	C: 215-738-7961	dllapinsky@gmptools.com

We'll post updates to our procedures and abilities on our website and all social media platforms as the situation continues to unfold. Thank you for your patience during these uncertain times, and we look forward to the resumption of normal business.

Be well!

Ted Clemens, Director of Sales
