Products. Technology. Services. Delivered Globally.

**OEM  
SOLUTIONS**

## OEM SOLUTIONS

Anixter has unparalleled industry expertise and our highly trained sales specialists are prepared to help you make informed decisions about the vast product offerings available for the OEM marketplace, including wire, cable, interconnect and wire management tubing solutions. Our Supply Chain Solutions (including product enhancement and packaging services) provide significant cost savings and efficiency improvements to the manufacturing process.

### HIGH AND LOW TEMP AND VOLTAGE UL/CSA AND EUROPEAN MILITARY AND AEROSPACE

### HOOK-UP AND LEAD WIRE

- Aircraft
- Airframe
- Appliance (AWM)
- Automotive
- Bare and tinned copper
- Braid
- Building
- Bus bar
- Continuous flex
- European (CE/HAR)
- Filter line
- Grounding
- Halogen free (LSZH)
- High temperature
- Machine tool (MTW)
- Medical
- MGT
- Military (Mil-spec)
- Motor lead
- Oil resistant
- Ozone resistant
- Prebond®
- RoHS approved
- Self-extinguishing
- Switchboard (SIS)
- Temp (heat/cold) resistant
- Test lead
- Thermoplastic equipment (TEW)
- Topcoat/tin overcoat
- VW-1 flame tested
- Water resistant
- Wire wrap

### CUSTOM ENGINEERED

### ELECTRONIC AND ELECTRICAL CABLE

- Audio/video
- Boat
- Cat cables (1-6)
- Coaxial (RG)
- Communication
- Composite
- Computer
- Control
- Direct burial
- Ethernet
- European (CE/HAR)
- Festoon
- Fibre optic
- Fire alarm
- Flame retardant
- Flexible cable
- GTO
- Halogen free (LSZH)
- High temperature
- Hyflex®
- IBM/LAN
- Instrumentation
- Intercom
- LAN
- Locomotive (DLO)
- Low capacitance
- Low smoke
- Marine
- Medical
- Medium voltage
- Microcoaxial
- Military
- Miniature
- Mining
- Multiconductor
- Neoprene
- Nuclear
- Paired
- Plenum
- Portable cord
- Premise
- PV (Solar)
- Power limited tray (PLTC)
- Rail transit
- Retractable (coiled)
- Ribbon
- RS 232/422/485
- Shielded
- Stage lighting
- Submarine
- Shipboard
- Silicone
- Teflon®
- Telephone
- Thermocouple
- Tray cable (TC)
- VFD
- Welding

### INDUSTRIAL ETHERNET SWITCHES

### POWER SUPPLIES

### TERMINAL BLOCKS

### INDUSTRIAL GATEWAYS

### INDUSTRIAL AUTOMATION PRODUCTS

- Industrial networking products (Ethernet switches, gateways, media conversion, wireless, etc.)
- Fieldbus connectivity (cordsets, field attachments, etc.)
- Wiring devices (connectors, terminal blocks, ferrules, etc.)
- Power devices (power supplies, protection, etc.)
- Industrial enclosures
- Industrial control products (pushbuttons, motor control, circuit protection, etc.)
- Cable management (cable ties, wireway, labeling)
- Industrial copper Ethernet cabling and connectivity
- Industrial fieldbus cables (Data Highway, DeviceNet, PROFIBUS, AS-i, etc.)
- Industrial fiber solutions
- Electrical and electronic wire and cable (VFD cable, hook-up wire, instrumentation, etc.)
- Installation tools and supplies
- Network measurement and troubleshooting tools

### TERMINALS AND LUGS

### ID AND LABEL PRODUCTS

### TOOLS AND TEST EQUIPMENT

### CABLE TIES AND MOUNTS

### SUPPORT AND SUPPLIES

- Braid
- Cable ties
- Cordsets
- Connectors
- DIN rails
- Enclosures
- Heat guns
- Identification products
- Lacing cord
- Lockout/tagout
- Retractable cords
- Shielding tapes
- Solder-filled sleeves
- Splice kits
- Strain reliefs
- Terminals
- Tooling
- Wire duct and conduit
- Wire harness accessories
- Wire markers
- Wire ties
- Wraps

### SPECIALTY MATERIALS

### TUBING AND SLEEVING

- Acrylic/fiberglass
- Adhesive lined
- Boots
- Caps
- Corrugated
- Expandable
- Fiberglass braid
- Heat shrinkable
- Loom (convoluted)
- Markers
- Melt wall
- Neoprene
- Nylon
- PET - Mylar®
- Polyolefin
- PVC
- PVDF - Kynar®
- Recloseable
- Silicone/fiberglass
- Spiral wrap
- Teflon® (PTFE)
- Vinyl/fiberglass
- Viton®
- Zipper

## SUPPLY CHAIN SOLUTIONS

Anixter relies on a core distribution network to provide products, coordinated deliveries and Supply Chain Solutions to your production facility.

Our fundamental distribution capabilities include:

- A significant investment in a diverse breadth of inventory
- The ability to view and allocate inventory in any warehouse throughout a global network
- IT systems that provide customers real-time information
- Predictable (e.g., next day ground service) delivery times to help you plan your projects
- Scalable processes to allocate resources as your needs evolve.

Anixter takes fundamental distribution a step further by applying the best practices of supply chain principles to our industry. We focus on the process side of a program to identify material management practices that reduce the total cost of ownership.

## READY!<sup>SM</sup> MATERIAL MANAGEMENT SERVICES BY ANIXTER

**READY!<sup>SM</sup> Material Management Services** by Anixter leverage our distribution and Supply Chain Solutions to help our customers optimize a just-in-time material management program in their production facility. Our replenishment solutions lower the total cost of ownership, improve productivity and scale to meet production demands.

Depending on size, location, number of facilities, number of production lines or work cells, Anixter will work with our customers to optimize their supply chain model. Teaming with Anixter allows our customers to shift the responsibility of their current supply chain processes and focus on their core competency.

Anixter will work with you to optimize your supply chain model and will design a program to provide you with materials you need, where you need them and how you need them by offering:

**READY!<sup>SM</sup> Depot** – a centralized, on-site material management and replenishment program.

**READY!<sup>SM</sup> Store** – a distributed on-site material management and replenishment program that puts the inventory closest to the point of use.

Our goal is to help our customers accomplish the following:

- Simplify material management at the production facility
- Optimize on-site inventory management
- Reduce excess or obsolete inventory
- Increase productivity and efficiencies
- Improve sourcing and supplier management
- Improve time to market
- Enhance flexibility for the production facility
- Offer scalable and repeatable services worldwide

### ADDITIONAL VALUE-ADDED SERVICES AND CAPABILITIES

- Cutting, splicing and tin dipping
- Printing
- Dying
- Twisting
- Stripping

### ISO 9001:2008 CERTIFIED QUALITY

- 100 percent bar-coded inventory
- Continuous improvement methodology
- Documented SOW procedures
- Product and specification traceability

## CASE STUDY | OEM MEETS DEADLINES WITH ANIXTER'S MATERIAL MANAGEMENT SOLUTION

### Challenge

A large OEM customer needed to source, kit and stage installation-related materials required for a ship refurbishment. Facing tight project times, multiple suppliers and a diverse bill of materials, the OEM needed a partner to take on material and supplier management and to allow the customer to take costs out of its existing business model.

### Anixter Solution – READY!<sup>SM</sup> Kit

Anixter created five types of READY! Kit part numbers, which included a variety of cable assemblies, terminal blocks, fuses and marker cards. Anixter's READY! Kit helped to make sure all the material was sourced and the finished-good part numbers were staged and shipped according to schedule. This enabled the customer to meet its deadlines while leveraging our material-management core competency.

### Benefits

- Single part number ordering
- Delayed cost of ownership
- Cost avoidance
- Redeployed space and skilled labor
- Reduction in excess and obsolete inventory

## OUR MANUFACTURER PARTNERS

By partnering with industry-leading manufacturers, Anixter can help you answer the most difficult questions about components, applications and performance requirements to integrate the office communications network with even the harshest industrial environment.

Products. Technology. Services. Delivered Globally.

## Anixter Association and Committee Memberships

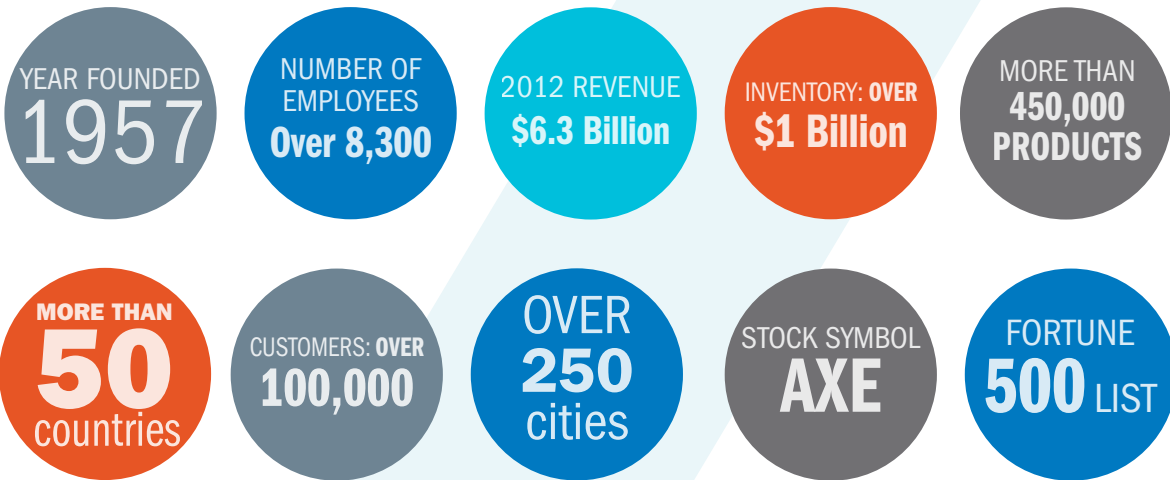

- Telecommunications Industry Association (TIA)
- International Organization for Standardization (ISO)
- Institute of Electrical & Electronics Engineers (IEEE)
- ONVIF
- Building Industry Consulting Services International (BICSI)
- Security Industry Association (SIA)
- Control Systems Integrators Association (CSIA)

## Technical Certifications

- ASIS CPP (Certified Protection Professional)
- More than 90 Registered BICSI RCDDs
- PSPs (Physical Security Professional Certification)
- CCNAs (Cisco Certified Network Associate)
