COMPLETE SUPPLY CHAIN SOLUTIONS FOR YOUR WIRE AND CABLE NEEDS

LOWERING OPERATING COSTS AND ENHANCING SUPPLY CHAIN EFFICIENCY

Reducing total cost of ownership and streamlining the supply chain management for wire and cable needs can significantly impact a utility company’s profitability. Compared to self-management of these areas, finding a partner who is skilled and experienced in wire and cable services can reduce costs and increase efficiency through better sourcing, improved inventory management and expert logistics.

Anixter is uniquely positioned as a single-source provider of wire and cable for public and private utilities, as well as transmission and distribution products, data and communications products and critical infrastructure security products.

As part of a comprehensive wire and cable management solution, Anixter solves complex material management problems and lowers operating costs with advanced logistics and reel optimization. Our innovative inventory and waste reduction programs enable you to address supply chain, product management and technical challenges before they reach the job site.

Through local and global relationships, we give customers what they need to reduce total cost of ownership: superior product solutions, an unmatched distribution network, expert supply chain management and technical expertise.

THE ANIXTER DIFFERENCE

At Anixter, we help build, connect, power and protect valuable assets and critical infrastructures. From enterprise networks to industrial support and supplies to video surveillance applications and electric power transmission and distribution, we offer full-line solutions—and intelligence—that create reliable, resilient systems that can sustain your business and community. Through our unmatched global distribution network, supply chain management expertise and technical know-how, we drive efficiency and effectiveness to benefit your bottom line.
WHAT DOES A COMPLETE SOLUTION FOR A UTILITY COMPANY LOOK LIKE?

WIRE AND CABLE FOR ALL PHASES OF YOUR OPERATION
Access the largest wire and cable product offering in the world with Anixter’s inventory of 65,000 products from the manufacturers you know and trust. Find all the low-, medium- and high-voltage wire and cable products you need, including outside plant fiber. Anixter also provides full-line solutions, from physical security and lighting to transformers and switchgear.

PLUS SUPPLY CHAIN SERVICES FOR LOWER COST OF OWNERSHIP
Make sure the materials you need for active projects or event/outage response are ready to go. Whether the material was purchased from us or directly from the manufacturer, Anixter can manage it, cut it, stage it and deliver it to your storerooms and job sites to streamline the supply chain, lower costs and mitigate risk.

HOW WE CAN HELP

SAFETY
Our supply chain services, which include wire cutting, pulling eye installation and paralleling, can help you reduce the risk of job-site injury to keep your operations running smoothly.

PLANNING SERVICES
Our planning methodologies help establish the right economic order quantities. We identify opportunities for improvement without compromising schedules.

ENGINEERING REVIEW
Our team of in-house subject matter experts and engineers can review plans and specification applications and work collaboratively with your engineering team to find ways to reduce initial and long-term investment costs as well as identify inventory-reduction opportunities.

REMOTE MATERIALS MANAGEMENT
Technology integration, advanced and critical spare material handling solutions and coordination with third-party contractors help to keep project timelines on track and reduce theft.

WAREHOUSING, LOGISTICS AND SECURE STORAGE
Our customizable solutions provide technology, staffing and physical resources that improve your supply chain, increasing security and efficiency.

THIRD-PARTY CONTRACTOR COORDINATION AND SUPPORT
We are dedicated to the success of your project or operation. We offer advanced IT integration of materials, supply chain services, contractors, engineers and other key stakeholders for seamless collaboration and smooth project management.

WIRE AND CABLE CUT TO LENGTH
Cutting to length prior to deployment not only helps reduce scrap in the field, but it also optimizes your installation labor and improves safety.

MATERIAL OPTIMIZATION
We can evaluate your existing inventory, document full and partial reels and analyze your returnable steel reel process to develop a solution that will leverage existing materials and maximize return of deposits.

SCRAP MANAGEMENT AND DISPOSITION
We will optimize all scrap and salvage material and will look at repurposing or selling material, based on your requirements.

OUTAGE AND STORM RECOVERY
In the event of the unexpected, you can count on us to expedite the procurement process, deploy storm kits and leverage our vast inventory of wire and cable.
Anixter recently supported a customer with a large U.S. power substation and distribution project. We helped the customer save $1.5 million through:

- **PLANNING SERVICES**, which resulted in 9% footage savings, for a total savings of **$1.08 million**
- **SCRAP MANAGEMENT AND DISPOSITION**, which resulted in 4% footage savings, for an approximate total savings of **$500 thousand**
Anixter Trakr

Anixter Trakr™ is a tracking and inventory management tool that works by combining three technologies: GPS (GeoStamp™), Bluetooth® and data cloud storage. This solution provides users with greater visibility to intelligently manage their cable reel yards for greater efficiencies.

Anixter Trakr offers users several benefits:

- Optimizes field labor
- Improves safety
- Reduces excess inventory
- Increases efficiencies
- Completes more projects on time and under budget

For more information on Anixter Trakr, contact your local Anixter representative.
SUPPLY CHAIN SOLUTIONS

Reducing costs, saving time, improving productivity and mitigating risks are our goals on every project. With our customizable supply chain solutions, you can eliminate costs, address sustainability requirements, enhance focus on your core competencies and stay competitive in the marketplace.

GLOBAL REACH. LOCAL ADVANTAGE.

With Anixter, you get a true local partner around the world. No other distributor of our kind can claim an in-country presence in approximately 50 countries and in over 300 cities.

We do business in more than 35 currencies and 30 languages, which means we are uniquely positioned to help facilitate your project in the local environment, reduce risks and keep costs down.
