

How does your city improve the resident and visitor experience?

SMART CITY COMMUNITY EXPERIENCE

With more than 50% of the world's population living in cities, a smart city approach has become critical for a community to achieve long-term economic sustainability. This can be achieved in part by meeting digital expectations of residents and visitors, which also aids in the recruitment and retention of job-providing companies and highly engaged communities.

SMART CITY SELF ASSESSMENT

WHAT IS MY PERCEPTION OF..

Good Average Poor

Cellular and Wireless Coverage?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Network and Cloud Access to Data?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Directional Signage and Wayfinding?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Innovative and Collaborative Public Spaces?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Personalized Notification and Communication?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Transportation Scheduling and Information?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Infrastructure as a Platform
by Anixter

Anixter’s approach provides a clear set of guidelines and best practices to support empowered mobile communities.

EMPOWERED MOBILE COMMUNITIES

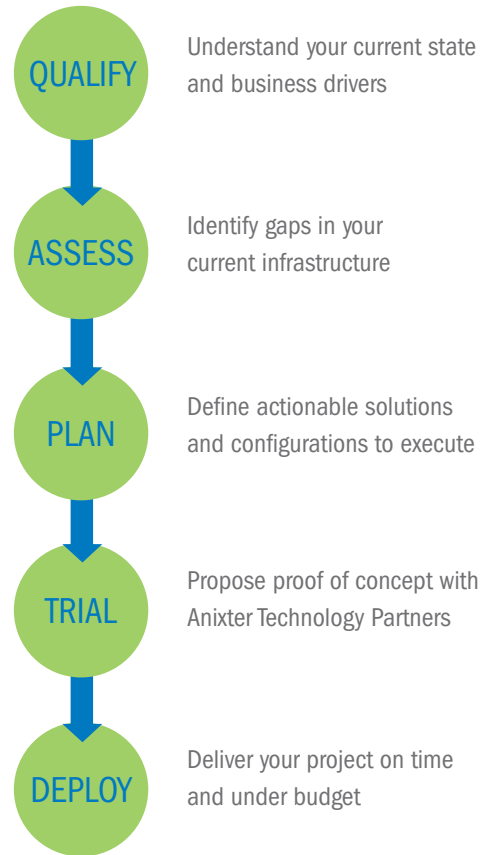

The Anixter Approach

- Network Accessibility**
 Apply designs to accommodate performance requirements and overall cellular and Wi-Fi coverage throughout your city.
- Personalized Communication**
 Provide sensor networks to collect and share behavioral data that supports new customized smart city applications.
- Mass Notification**
 Deploy infrastructure that can support vital communication to residents and visitors in common and emergency situations.
- Visual Engagement**
 Capture the attention of residents and visitors and deliver important information through digital signage and other professional A/V solutions.
- Efficient Transportation**
 Improve user experience and decrease traffic congestion with infrastructure that supports street parking, public transportation management and multi-mode commuting.

YOUR COMMUNITY EXPERIENCE PLATFORM

Anixter Engagement Process

You can further enable interoperability by leveraging our expertise in technology sourcing, inventory management, product enhancement, logistics and e-commerce tools.

PRODUCT SOLUTIONS

- Wireless
 - Outdoor macro
 - DAS
