Conference Room as a Service

Subscription-Based Conference Systems

Supporting your team with state-of-the-art collaboration systems has never been easier. With Conference Room as a Service, Wesco provides the hardware, support, remote monitoring portal, and advance replacement warranty through an easy-to-budget monthly subscription. We offer a variety of packages designed to support most meeting spaces for up to 30 people.

Subscriptions include:

- Hardware
- Remote monitoring
- Live support
- Advance replacement

Each conference device has a QR code you can scan to connect with on-demand, live support, 24/7.

Simple, reliable, flexible, secure and easy-to-budget

Easy to budget — Monthly subscription pricing per room improves cash flow with a 3-year OpEx model and extend or upgrade at the end of the term.

Remote monitoring — Login to your account and access your dashboard to review your subscriptions, view room status, availability, and issue help tickets.

Secure — We provide enterprise-grade solutions that are ideally equipped for any corporate, education, healthcare, or government facility.

For any space — We offer packages that support small meeting spaces and larger conference rooms for up to 30 people.

Simple collaboration — Collaborate on your preferred platform and bring out the best in your meetings. Simply join the meeting in Teams or Zoom to share content, video and audio.

24/7 world-class support — Advance replacement and 24/7 live, on-demand support are just a phone call or click away.
