

## GET TO KNOW ANIXTER'S E-COMMERCE SOLUTION

Because business happens everywhere, Anixter Online connects you with our distribution network anywhere, anytime.

Anixter Online is a global e-commerce solution that provides a seamless view into your supply chain and decreases your order-to-delivery cycle times by allowing more efficient procurement through a single platform. All transactional information is accessible through the web, whether orders are placed online, with your Anixter sales team or through digital integration (such as EDI).

### View product and inventory information

- Quickly locate your items on contract
- Search Anixter's inventory by postal code to see inventory in your local market or anywhere in the country
- Download spec sheets, drawings and images
- Confirm product standards and manufacturer specifications

### Track orders and manage your account

- View order status
- Receive order confirmations and shipping acknowledgements
- Track shipments
- Receive proof of deliveries through carriers
- View and run reports
- Set up account and user preferences for order approvals
- Manage users' access within your organisation
- Create and update shipping addresses
- Save payment information

### Digital solutions make it easier to do business

Digital integration solutions provide easy and seamless access to Anixter's product catalogue through your own procurement applications.

- Reduce data entry errors and eliminate the need for double entry while securely accessing the products and information you need
- Manage user access and permissions

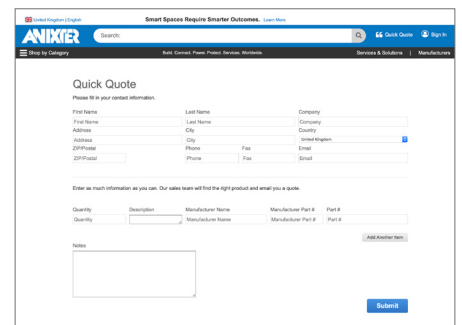

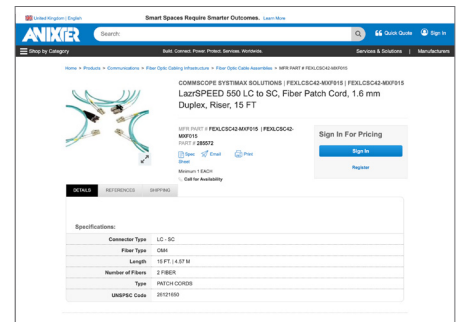

### Place orders and request quotes

- Use the multiple part search feature to enter many manufacturer or Anixter part numbers and find lots of products quickly
- View availability of contracted items
- Save time on bulk orders by using the Quick Order Pad to add up to 50 manufacturer or Anixter part numbers to your cart or create a saved list
- Create saved lists to keep frequently ordered items or project bills of material in one place
- Upload saved lists to your estimating system
- Use the Quick Quote feature to quickly request quotes on non-contracted items

## Stay Connected

Anixter makes it easier for you to do business by offering a wide range of solutions to help you search product information, access inventory availability, place orders and manage your account.

Whether you prefer to work with your sales team, utilise our self-service solutions on the web or integrate your business through a variety of digital solution capabilities, Anixter is here for you.

## Account set up is simple

Visit Anixter Online to register using your email address and your Anixter account number. An Anixter service representative will contact you to authorise your secure online access.

## Need help with Anixter Online?

Contact your Anixter representative or visit our Help page with easy-to-follow videos that explain how to use the various features of Anixter Online, including getting started, placing orders, creating saved lists and troubleshooting.
