

Along with security, wire and cable, electrical and utility products, Anixter can handle all your maintenance, repair and operations (MRO) needs. We offer more than 600,000 SKUs from hundreds of well known suppliers – with everything from personal protective equipment and safety supplies to janitorial supplies, hand tools and abrasives.

Our dedicated sales team will also provide you with services and expertise specific to your MRO needs. We don't just deliver products, we bring solutions that streamline your processes and strengthen your business.
