

MORE+ PRODUCTS TO BUILD, CONNECT, POWER, AND PROTECT APPLICATIONS AND ENVIRONMENTS AROUND THE WORLD

At WESCO and Anixter, we help build, connect, power and protect valuable assets and critical infrastructures. As the leading supplier of products, services and advanced supply chain programs, we share your focus to build and maintain safe, resilient and efficient utility and broadband operations.

We offer solutions leveraging our global distribution network as well as our expertise in metering, renewables, fiber deployment, grid modernization, smart technologies, inventory and materials management for power generation, transmission, distribution and network connectivity.

Utility and Broadband Solutions

MORE+ Utility Expertise

WESCO and Anixter has dedicated experts who understand and can address the challenges utilities and broadband operators face to limit outages and increase response times. Our solutions include:

- Advanced metering infrastructure
- Grid modernization and hardening
- Control room and operations center
- Physical and cyber security
- Full data center and network solutions
- Supervisory control and data acquisition
- Distribution automation
- Complete lighting solutions (LED solutions) and design services
- Meter installation and change-out services
- Product repair, testing and certification
- FTTx, broadband and microwave solutions
- Product safety training services
- Safety and compliance
- Diversity partner ecosystem
- High- and medium-voltage project services
- Intelligent lighting

SOLUTIONS FOR EVERY UTILITY ENVIRONMENT

WESCO®

ANIXTER

ELECTRICAL DISTRIBUTION

- Arresters
- Capacitor banks
- Electrical switchgear
- Medium-voltage cable
- Pole line hardware
- Smart meters
- Switchgear

ELECTRICAL TRANSMISSION

- Arresters
- Insulators
- Outage & tilt sensors
- Switches

FTTX, BROADBAND & MICROWAVE SOLUTIONS

- Aerial hardware
- Bonding & grounding
- Conduit, couplers, fittings & accessories
- Enclosures
- Fiber optic cable—feeder, distribution, drops
- Fiber optic termination & connectivity
- Networking equipment
- Optical network terminals (ONT)
- Point-to-point and in-building wireless

LIGHTING

- Emergency lighting
- Indoor fluorescent
- Indoor LED
- Outdoor lighting
- Vandal resistant

NETWORK MANAGEMENT CENTER

- Access control
- Cooling solutions
- Fiber cable
- Firewalls
- Management software
- PDUs
- PoE
- Repeaters/media converters
- Routers
- Sound & paging
- WAN products

MRO SUPPLIES

- Chemicals & lubricants
- Cleaning & janitorial
- Facility maintenance
- Hand tools
- Power tools

METERING

- Metering components
- Sockets
- Switches

POLE LINE HARDWARE

- Fuses
- Strain insulators
- Surge arresters
- Transformers

POWER GENERATION

- Electrical wire & cable
- Industrial networking & communications

SAFETY

- Eye/face protection
- Fall protection
- First aid
- Hand protection
- Hearing/head protection
- Signage

SECURITY

- Access control
- Cybersecurity
- Perimeter security
- Video surveillance

SMART GRID INFRASTRUCTURE

- Aerial fiber
- Capacitor banks & transformers
- Cell towers
- EV charging
- Fiber enclosure
- Integrated smart poles
- Smart meters
- Renewables - solar & wind
- Video cameras & analytics

SUBSTATIONS

- Access control
- Circuit breakers
- Circuit switches
- Network & physical security
- Power storages
- Regulators
- Transformers
- Video cameras & analytics

SERVICES FOR UTILITIES

Advisory Services

- Safety audits
- Engineering services
- Storm preparation
- FTTH project support
- Business process change management
- Lighting audits, upgrades & retrofits
- Technology road-mapping
- High- & medium- voltage packaging
- Network optimization consultancy
- Sustainability services

Installation Enhancement Services

- Wire & cable management
- Cut-to-length
- Kitting, staging & delivery
- Prewired meters & capacitor banks
- Metering services:
 - Meter testing & certification
 - Advanced metering infrastructure (AMI) installs
 - Meter warehousing, recycling & disposal
 - Rubber, fiberglass & tool refurbishing and repair services

Project Deployment Services

- Project planning & management
- Yard layout
- Storm & outage support
- Contractor materials management
- Reservation center & jobsite delivery

Supply Chain Programs

- Inventory management
- Materials management
- Materials reclamation
- Asset recovery & inventory balancing
- Cross-docking
- Procurement & SKU rationalization
- Integrated MRO supply
- E-commerce & point-of-use services

Financial Services

- Lease financing
- Open account terms
- Project accounts
- Custom consolidated invoicing
- Diversity spend

Product and service availability varies by geography.
