

# Maintenance, Repair and Operations (MRO) Solutions

In addition to security, wire and cable, electrical and utility products, Wesco Anixter can handle all your maintenance, repair and operations (MRO) needs. We offer thousands of products from leading suppliers, with everything from personal protective equipment and safety supplies to janitorial supplies, hand tools and abrasives. Our dedicated sales team will also provide you with services and expertise specific to your MRO needs. We don't just deliver products, we bring solutions that streamline your processes and strengthen your business.
