

PRODUCT SOLUTIONS BRIEF  
**CANON**

**DATA CENTRE RISK MANAGEMENT**

Through our strong global partnerships and alliances with manufacturers such as Canon, we are able to present you with the following offering to meet your specific data centre requirements.

**VB-H651V Network Camera**

Canon's VB-H651V network camera is a vandal-resistant, indoor fixed dome network camera that delivers an ultra-wide 122.1° angle of view, superb low-light performance and IK10 impact protection. It utilises an advanced DIGIC DV III image processor to help maximise image quality. It features a 2.4x optical zoom lens and 4x digital zoom lens with auto-focus to produce clear images despite varying distances and an image stabilisation feature for minimal motion blurring in areas with frequent vibrations.

Full HD indoor vandal-resistant dome camera with wide angle of view, superb low-light performance and IK10 impact protection.

**CHALLENGE SOLVERS**

- This camera is a high-performance model ideal for a wide range of industries and applications. The IK10-rated VB-H651V offers impact resistance and tamper-proof screws, both of which serve as tough defence against vandalism.
- The VB-H651V is equipped with eight intelligent analytics which allow you to do more with your video. Functions such as “object removed”, trip wires and audio detection help you keep your most valued assets safe.
- Remote PTRZ adjustment function greatly reduces labour costs and installation time, as it allows for easy post-installation changes to the VB-H651V's pan, tilt, zoom and rotation positions.
- Image stabilisation helps deliver clear video with minimal motion blurring even when installed in areas with frequent vibrations, such as on top of a pole or near heavy machinery.

**THE ANIXTER APPROACH**

- **Reception area**  
Control visitors to the facility and validate authorised access to the data centre.
- **Service corridor**  
Monitor the internal passages to defend against unauthorised mobility within restricted areas.
- **Data room**  
Implement high-security electronics to prevent general personnel or intruders from accessing sensitive areas.

**THE CANON SOLUTION**

CAMERA	SOFTWARE	POWER
VB-H630D VB-H620VE	Camera Management Tool Recorded Video Utility Network Video Recording	PoE 24 V AC (optional) 12 V DC (optional)

**WHAT WE HEAR**

Challenges from various data centre stakeholders:

**PROTECTING** the company's image

**ACHIEVING** regulatory compliance

**BALANCING** investment in both physical and logical security

**STAYING** one step ahead of adversaries with technology

**EXECUTING** policies and procedures specific to the data centre

**Infrastructure as a Platform**  
by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to deploying physical security infrastructure into your data centre environment.

## CONFIGURE

We help you discover and map your specific needs to the best solution.

- Mounting location
- Angle of view
- Storage requirements
- Power requirements

## BUNDLE

Your validated, preconfigured solutions are packaged and site-ready.

- Mounting kits
- Media converters
- Power adapters
- Management software

## DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labelling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

## CANON VB-H651V FEATURES

### ✓ STAY AHEAD OF ADVERSARIES

- Motion adaptive noise reduction and area-specific data size reduction (ADSR)
- Camera and mobile viewers for easy access to camera features
- Haze compensation with smart shade control and auto gain control limit

### ✓ MITIGATE RISK OF BREACH

- Lens has a 2.4x optical zoom, auto-focus and 122.1° angle of view
- 2.1 megapixel high-sensitivity CMOS sensor with exceptional low-light performance
- Vandal-resistant enclosure is IK10 rated for impact resistance with tamper-proof screws

Capture detailed images in low light and reduce surveillance costs with this wide-angled indoor vandal-resistant dome camera.

**About Anixter:** [anixter.com/aboutus](https://www.anixter.com/aboutus)  
**Legal Statement:** [anixter.com/legalstatement](https://www.anixter.com/legalstatement)

At Anixter, we enable the connected world. By building, connecting, protecting and powering valuable assets and critical infrastructures, we help to sustain and grow businesses and communities worldwide. We accomplish this by offering full-line solutions, technical intelligence, supply chain expertise and an unmatched global distribution network.
