

PRODUCT SOLUTIONS BRIEF
LEVITON

DATA CENTER INFRASTRUCTURE MANAGEMENT

Through our strong global partnerships and alliances with manufacturers such as Leviton, we are able to present you with the following offering to meet your specific data center requirements.

Intact™ Intelligent Port Management System

Leviton's Intact Intelligent Port Management System makes it easy to monitor port status and manage network changes. Combining intelligent patch cords and panels, it sends real-time information to IT managers, so they can diagnose problems and handle changes faster.

Identify and diagnose problems faster, reducing downtime and risk of human error.

CHALLENGE SOLVERS

- Meets regulations such as Sarbanes-Oxley and HIPAA through detailed network documentation and port security
- Eliminates risk of inadvertent access to sensitive data, with the ability to lock in patch cords and lock out unused ports
- Assists technicians with changes and troubleshooting by managing work orders, logging events and creating visual network topologies
- Allows easy access to Intact program software on a Web browser over PCs, laptops, tablets or smartphones

THE ANIXTER APPROACH

Five Senses of DCIM - Intact addresses the following senses:

- **Asset management**
 Implement a centralized asset management process with an easily maintainable database.

THE LEVITON SOLUTION

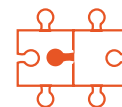

HARDWARE	INFRASTRUCTURE	CONNECTIVITY

WHAT WE HEAR

Challenges from the various data center stakeholders are:

INTEGRATING with business process

No technology **EVALUATION** tools

Supplier **INTEGRATION** competency

Interdepartmental **CONFLICT**

Cost of **IMPLEMENTATION**

Infrastructure as a Platform
 by Anixter

Infrastructure as a Platform by Anixter provides a comprehensive approach to defining data center infrastructure management (DCIM), which starts at the physical layer, by simplifying deployment and integration with your business processes.

CONFIGURE

We help you discover and map your specific needs to the best solution.

- Opt-X® Ultra enclosure
- QuickPort® patch panel
- Intact device manager
- Intact device hub

BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Intact copper patch cords
- Cable management
- Berk-Tek® high-performance cable
- Cabinet PDUs

DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

INTACT INTELLIGENT PORT MANAGEMENT SYSTEM FEATURES:

✓ ASSET MANAGEMENT

- Identifies the physical location of active equipment connected to the network
- Provides real-time information in a graphical display
- Traces connections by having the LED above the ports flash

✓ CHANGE MANAGEMENT

- Streamlined user interface
- Reduced downtime and risk of human error by identifying and diagnosing problems faster
- Event dashboard that warns users in the event of an unplanned change
