

PRODUCT SOLUTIONS BRIEF
MILESTONE

DATA CENTRE RISK MANAGEMENT

Through our strong global partnerships and alliances with manufacturers such as Milestone, we are able to present you with the following offering to meet your specific data centre requirements.

Husky™ Network Video Recorder Series

The Husky Network Video Recorder (NVR) series, Milestone’s latest open-platform software offering, delivers an experience similar to XProtect. The series has built-in motion detection, automatic camera discovery and support for two-way audio and triple codec. Husky NVRs are scalable to incorporate multiple units with ease. Milestone Husky branded products come with a three-year limited hardware warranty.

CHALLENGE SOLVERS

- **Husky M10** – Sleek, fanless NVR combines performance hardware with video management software (VMS). The unit has optimised hardware specifications and requires no training to set up or use, making it an easy choice for entry-level surveillance.
- **Husky M20** – Stand-alone and rack mountable NVR supports up to 24 cameras. The system comes preloaded with an NVR-optimised version of XProtect® Professional. Replaceable hard drives make storage replacement easy with minimal disruption to business.
- **Husky M30** – Desktop workstation with high-grade hardware provides superior performance for small- to mid-size installations. Unit is preloaded with XProtect video management software, making it simple to set up and use.
- **Husky M50/Husky M500A** – 2U form factor, rack-mounted network video recorder is designed for high-performance video recording and includes a preloaded XProtect® Professional VMS. It is ideal for installations requiring live monitoring.
- **Husky M550A** – Solution offers a redundant power supply, up to 10 GbE over Cat 6 and no limits to the amount of enterprise.

THE ANIXTER APPROACH

- **Property Perimeter**
Establish a physical boundary around the property edge to deter external threats.
- **Reception Area**
Control visitors to the facility and validate various levels of staff authorisation.
- **Floor Levels**
Monitor visitor and employee traffic for safety and access to various parts of the building.
- **Specialised Zones**
Secure assets and comply with privacy regulations with attention to specialised departmental zones.
- **Technical Space**
Protect networking infrastructure, IT servers and data storage in technical areas.

THE MILESTONE SOLUTION

SERIES SELECTION		HARDWARE	OTHER OPTIONS
M10	M50	IP cameras	XProtect Smart Client
M20	M500A	Video control	XProtect Web Client
M30	M550A	Encoders	XProtect LPR

The Milestone Husky M30 is a stand-alone NVR that combines a powerful, purpose-built recording platform with the world’s leading video management software, XProtect®.

WHAT WE HEAR

Challenges from various data centre stakeholders:

PROTECTING the company’s image

ACHIEVING regulatory compliance

BALANCING investment in both physical and logical security

STAYING one step ahead of adversaries with technology

EXECUTING policies and procedures specific to the data centre

Infrastructure as a Platform
by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to deploying physical security infrastructure into your data centre environment.

CONFIGURE

We help you discover and map your specific needs to the best solution.

- Access control
- Camera quantity supported
- Server quantity supported
- Video analytics

BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- IP cameras
- Encoders
- Edge storage
- Video analytics

DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labelling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

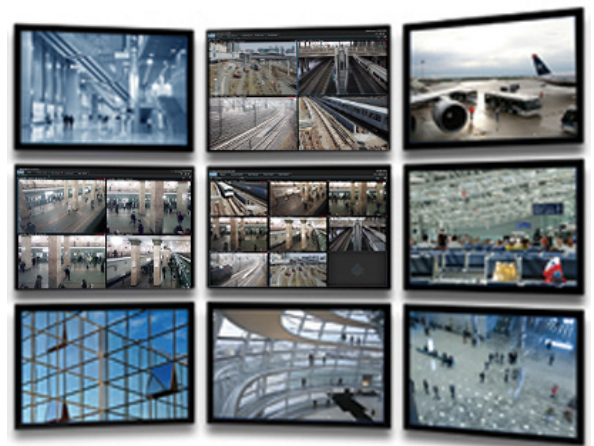

XPROTECT SMART WALL FEATURES

✓ PROPERTY PERIMETER

- Automatic camera discovery of up to eight connected cameras
- Experiences can be tailored to employees' responsibilities and technical abilities
- Smart Start plug-and-play features allow for effortless setup

✓ SPECIALISED ZONES

- Scalability with Milestone Interconnect™
- Easy to add cameras and expand the system over time
- NVR with lowest total cost of ownership

XProtect Smart Wall is an advanced add-on video wall product that improves response time by displaying all the video data in your installation and giving a complete overview of large surveillance centres.
