

PRODUCT SOLUTIONS BRIEF  
**AXIS COMMUNICATIONS**

**HEALTHCARE FACILITY RISK MANAGEMENT**

Axis P32 cameras offer innovation, quality and affordability in one.

Through our strong global partnerships and alliances with manufacturers such as Axis Communications, we are able to present you with the following offering to meet your specific healthcare facility requirements.

**Axis P32 Network Cameras**

Axis P32 Network Cameras offer high quality at an affordable price, are easy to use and operate and consist of vandal-resistant domes for indoor and outdoor installation. Streamlined in design, Axis P32 Network Cameras have varifocal lens, P-Iris control and day/night functionality, ensuring activities, individuals and facilities can be clearly seen, regardless of conditions or lighting.

**CHALLENGE SOLVERS**

- Forensic WDR technology enhances the ability to capture detail in challenging light conditions.
- Axis' OptimizedIR technology results in high-quality, low-noise video, even when it's completely dark.
- Lightfinder technology allows for colour images in as little as .18lux.
- Zipstream technology reduces typical storage by 50% or more, significantly decreasing storage costs.
- Vandal-resistant cameras, housing, mounts and accessories allow for strong resistance to impact and tampering.

**THE ANIXTER APPROACH**

- **Property Perimeter**  
Determine vulnerable areas around the property edge to deter external threats.
- **Reception and Registration Area**  
Control the flow of visitors and patients to the facility and validate various levels of staff authorisation.
- **Specialty Units**  
Protect patients and comply with privacy regulations with attention to complex specialty units.
- **Emergency Room**  
Improve staff safety and care through effective management of high-stress and high-traffic emergency settings.
- **Pharmaceutical Assets**  
Achieve regulatory compliance and loss prevention by monitoring access and intrusion to pharmaceutical zones.
- **Biomedical and Diagnostics**  
Protect valuable equipment and potentially harmful materials in biomedical and diagnostic areas.

**THE ANIXTER SOLUTION**

HIGH-QUALITY VIDEO	DURABLE AND VERSATILE	ADVANCED TECHNOLOGIES
4K video quality Forensic WDR Remote zoom and focus	Vandal-resistant domes Indoor or outdoor installation	Lightfinder technology OptimizedIR illumination Zipstream technology

**WHAT WE HEAR**

Healthcare stakeholders are dealing with a variety of challenges:

- Creating **SAFE** environments for patients and staff
- Preventing **THEFT** of medicine and radiological materials
- Achieving **REGULATORY COMPLIANCE**
- Preventing **CYBER THREATS** to patient records
- Limiting physical building and network **ACCESSIBILITY**

**Infrastructure as a Platform**  
by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to deploy physical security infrastructure into your healthcare environment.

## CONFIGURE

We help you discover and map your specific needs to the best solution.

- Mounts
- Covers and domes
- Power over Ethernet
- Network switches
- Storage

## BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Video management software
- Sound intelligence
- Facial recognition
- Security as a service

## DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labelling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

## AXIS P32 NETWORK CAMERAS FEATURES

### ✓ QUALITY AND AFFORDABILITY COMBINED

- Innovative Axis technologies ensure quality footage, regardless of lighting conditions and environmental factors.
- Series consists of vandal-resistant domes for indoor and outdoor installation that meet both the quality and cost demands of the healthcare market.

### ✓ EASY TO INSTALL AND OPERATE

- Designed for effortless and reliable installation, cameras can be mounted flush to a wall or ceiling or on junction boxes.
- Optional kits are available for recessed or pendant mounting.
- Remote zoom and focus feature eliminates the need for hands-on fine tuning.

### ✓ SIMPLIFIES INSTALLATION AND MAINTENANCE

- Cameras support versatile cable management with optional conduit adaptors for connecting to various conduits.
- Casings are easily repaintable in any desired colour to blend into the environment, with a black skin cover option available for indoor models.
