

PRODUCT SOLUTIONS BRIEF
LEGRAND

HEALTHCARE FACILITY POWER OPTIMIZATION

Plugmold Multioutlet System

Through our strong global partnerships and alliances with manufacturers like Legrand, we present you with the following offering to meet your specific healthcare facility requirements.

Plugmold® Multioutlet Systems

Maximize power and USB charging connections in any hallway or waiting room area with Plugmold Multioutlet Systems. The compact, low-profile design of Plugmold Multioutlet Systems easily installs in tight locations for maximum power convenience wherever it's needed most.

From waiting areas and hallways, to labs and kitchenettes, Plugmold applications are practically endless. Since every job is different, custom outlet spacing options, colors and wiring modifications make installation that much easier.

CHALLENGE SOLVERS

- Available in 3-, 5- and 6-ft. lengths.
- Meets new tamper-resistant requirements for 2017 NEC Section 406.12. Provides additional protection from burns and other injuries. Mandated for residential applications, commercial and public areas where children are likely to be.
- Built-in shutter system prevents the insertion of unwanted objects such as hairpins, keys and nails.
- Available in ivory, gray, white, black, stainless steel and anodized aluminum to accommodate a wide range of applications.
- Provides built-in GFCI protection for all outlets on the Plugmold strip and all devices plugged into them—great for waiting rooms where families can keep “connected,” as well as laboratories.
- Our 2.4A USB type-A receptacle charges faster than other USB receptacles and is compatible with USB 2.0 and 3.0 type devices.

THE ANIXTER APPROACH

- **Facility Power**
Design scalable solutions that cater to healthcare growth and flexibility.
- **Conditioned Power**
Maintain continuous voltage and protect against surges with conditioning technology.
- **Backup Power**
Provide optimal settings for quality patient care with an always-on environment.
- **Efficient Power**
Consider highly efficient solutions that maximize power quality and minimize operational expenses.
- **Monitored Power**
Adopt an integrated power solution that can be metered, monitored and designed for continuity.

THE LEGRAND SOLUTION

WHAT WE HEAR

Healthcare stakeholders are dealing with a variety of challenges:

Meeting **ENERGY EFFICIENT** goals

PREVENTING accidental outages

Ensuring an **ALWAYS ON** environment

Reducing **UTILITY COSTS**

Restrictions of **LEGACY ELECTRICAL INFRASTRUCTURE**

Infrastructure as a Platform
by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to retrofitting or building a critical power chain in your healthcare environment.

CONFIGURE

We help you discover and map your specific needs to the best solution.

- Color
- Length
- Outlet spacing
- USB
- GFCI

BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Power management software
- Intelligent PDUs
- Racks and cabinets
- Locking power cords

DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

LEGRAND PLUGMOLD® MULTIOUTLET SYSTEMS FEATURES

✓ TAMPER-RESISTANT RECEPTACLES

- Built-in patented shutter system protects employees and visitors by preventing improper insertion of foreign objects.
