

PRODUCT SOLUTIONS BRIEF  
**TRIPP LITE**

**HEALTHCARE FACILITY POWER OPTIMIZATION**

Through our strong global partnerships and alliances with manufacturers such as Tripp Lite, we are able to present you with the following offering to meet your specific healthcare requirements.

**Isolator Series Medical-Grade Isolation Transformers**

Tripp Lite's UL60601-1 listed medical-grade isolation transformers offer line isolation, continuous noise filtering and enhanced common-mode surge suppression. An internal low-impedance isolation transformer component offers 100 percent isolation from the input AC line. Full UL60601-1 medical-grade listing with hospital-grade plug and outlet receptacles makes Isolator medical-grade transformers ideal for protection of medical electronic equipment in patient-care areas. These transformers are ideal for equipment that does not require battery backup but does require reduced leakage current and medical-grade regulatory compliance.

IS1000HG isolation transformer includes four NEMA5-15R hospital grade output receptacles.

**CHALLENGE SOLVERS**

- Secondary neutral-to-ground bonding virtually eliminates common-mode noise, providing an isolated neutral-ground reference for sensitive equipment and an inexpensive alternative to dedicated circuits and site electrical upgrades.
- It removes EMI/RFI noise, utility switching transients and harmonics generated by other on-site loads and utility or lightning-related surge conditions.
- Active transformer filtering provides continuous common-mode noise rejection with no wearable parts.
- Rugged all-metal unit housing ships ready for upright tower placement in any industrial, medical, office or network environment.

**THE ANIXTER APPROACH**

- **Conditioned Power**  
 Maintain continuous voltage and protect against surges with conditioning technology.

**THE TRIPP LITE SOLUTION**

OUTPUT CAPACITY	OUTLET TYPES	TOTAL OUTLETS
250	5-15R hospital grade	2
500	5-20R hospital grade	4
1000		6
1800

**WHAT WE HEAR**

Healthcare stakeholders are dealing with a variety of challenges:

Meeting **ENERGY EFFICIENT** goals

**PREVENTING** accidental outages

Ensuring an **ALWAYS ON** environment

Reducing **UTILITY COSTS**

Restrictions of **LEGACY ELECTRICAL INFRASTRUCTURE**

**Infrastructure as a Platform**  
 by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to retrofitting or building a critical power chain in your healthcare environment.

## CONFIGURE

We help you discover and map your specific needs to the best solution.

- Watt capacity
- Receptacle type
- Receptacle quantity
- Input plug

## BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Hospital-grade UPS
- Battery packs
- Power strips
- Hospital-grade power cords

## DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

### TRIPP LITE ISOLATION TRANSFORMER FEATURES

#### ✓ IS250HG

- 250 watts, two outlets, 6-ft. power cord
- Includes two NEMA 5-15R output receptacles

#### ✓ IS500HG

- 500 watts, four outlets, 10-ft. power cord
- Includes four NEMA 5-15R hospital-grade output receptacles

#### ✓ IS1000HG

- 1,000 watts, four outlets, 10-ft. power cord
- Includes four NEMA5-15R hospital-grade output receptacles

#### ✓ IS1800HG

- 1,800 watts, six outlets, 10-ft. power cord
- Includes six NEMA5-20R hospital-grade output receptacles

Available in four different versions depending on the application requirements.

**About Anixter:** [anixter.com/aboutus](https://www.anixter.com/aboutus)

**Legal Statement:** [anixter.com/legalstatement](https://www.anixter.com/legalstatement)

At Anixter, we enable the connected world. By building, connecting, protecting and powering valuable assets and critical infrastructures, we help to sustain and grow businesses and communities worldwide. We accomplish this by offering full-line solutions, technical intelligence, supply chain expertise and an unmatched global distribution network.
