

PRODUCT SOLUTIONS BRIEF

VERTIV

HEALTHCARE FACILITY IoT ENABLEMENT

Through our strong global partnerships and alliances with manufacturers such as Vertiv, we are able to present you with the following offering to meet your specific healthcare requirements, including enabling the Internet of Medical Things (IoMT).

SmartCabinet™

Vertiv's SmartCabinet is a new approach to providing a complete IT infrastructure solution that contains power, an enclosure, power distribution, monitoring and infrastructure management all in a simple packaged solution. It is a fully integrated, industry-leading plug-and-play solution with a ready-to-use IT rack space. It eliminates the need to build complex computer rooms, which dramatically improves the speed of system deployment compared to the traditional approach. SmartCabinet is preconfigured, preinstalled and factory tested to ensure system compatibility and is ready to use from day one.

SmartCabinet IT infrastructure solution

CHALLENGE SOLVERS

- It is a fully closed operation where cold and hot air is circulated within the rack for better temperature and humidity control, expanding lifespan of IT equipment, low noise level. Highly suitable for office environment.
- Built-in high efficiency UPS uses DC frequency conversion technology for energy savings.
- SmartCabinet provides faster deployment and is ready to use from day one, removing the need to build, construct and design computer rooms, which dramatically reduces the required deployment period compared to a traditional IT facility build.

THE ANIXTER APPROACH

• Environmental Monitoring

Use occupancy, intelligent lighting, power and temperature sensor technology to achieve optimal comfort and energy efficiency.

• Security Integration

Create interoperability between video surveillance, access control and intrusion detection systems.

• Network Connectivity

Provide a standards-based IP platform that can run multiple applications, and be remotely managed and measured.

WHAT WE HEAR

Healthcare stakeholders are dealing with a variety of challenges:

THE VERTIV SOLUTION

CABINET OPTIONS

Floor-mounted
Wall-mount

POWER

500VA - 10kVA UPS
Maintenance bypass
Managed rack PDU

REMOTE MANAGEMENT

Serial console server
Environmental sensors
Door alarms

Infrastructure as a Platform
by Anixter

Infrastructure as a Platform by Anixter provides a comprehensive approach to maximizing the potential of an automated healthcare facility, which starts at the physical layers.

CONFIGURE

We help you discover and map your specific needs to the best solution.

- Back-up power
- Power distribution
- Remote access
- Remote monitoring

BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Liebert Nform
- Trellis™ Platform
- Avocent DSView™
- Fiber and copper connectivity

DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

VERTIV SMARTCABINET FEATURES

✓ STREAMLINE INTEGRATION

- The system is optimized, validated and tested to support applications or prescribed IT loads.
- Standard IT configurations allow for rapid deployment.
- Factory assembly, integration and testing help smooth operations and avoid issues.

✓ INFRASTRUCTURE WITHOUT LIMITS

- True double conversion UPS with integrated bypass capabilities.
- Remote access to network switches via the network or a modem connection.
- Alerts on power failures, high-temperature conditions or when the cabinet door is opened.

SmartCabinet is an intelligent, integrated infrastructure solution in an enclosure.
