

PRODUCT SOLUTIONS BRIEF  
**ASSA ABLOY**

**SMART CITY IoT ENABLEMENT**

Through our strong global partnerships and alliances with manufacturers such as ASSA ABLOY, we are able to present you with the following offering to meet your specific smart city requirements.

**Medeco XT Traffic Cabinet Lock**

The Medeco XT Traffic Cabinet Lock helps secure our critical infrastructure. These days, cyber attack is a constant threat. All across America, the flow of traffic in our cities is regulated by intelligent traffic system (ITS) cabinets that are located on every street corner. ITS cabinets protect the hardware that controls the traffic lights.

A simple retrofit lock solution like the Medeco XT Traffic Cabinet Lock is the quickest, most cost-effective way to add the accountability necessary to help eliminate tampering and help secure the advanced equipment contained within these cabinets.

**CHALLENGE SOLVERS**

Features:

- Retrofit into existing hardware – no modifications required
- No wiring required – all power provided by the key
- Indoor/outdoor use – stainless steel construction
- 2,000 audit events
- Unauthorized keylist
- Part of the XT Intelligent Key System
  - Audit accountability
  - Electronic scheduling
  - Physical security
  - Visual audit

**THE ANIXTER APPROACH**

- **Environmental Monitoring**  
Leverage a network of sensors to provide predictive insight that solve unique challenges including air quality, energy efficiency, traffic management and utility operations.
- **Visual Management**  
Provide visualization of real-time data for city stakeholders to make informed decisions and provide critical information for resident and visitor engagement.
- **Communication Enablement**  
Integrate voice, data and video experience across multiple city systems for enhanced operational efficiency.
- **Security Integration**  
Manage public safety concerns by creating data interoperability and correlation between physical security systems, first responders and critical city infrastructure.
- **Network Connectivity**  
Provide ubiquitous broadband connectivity to enable open platforms and actionable intelligence through analytics for city stakeholders to solve key challenges.

**THE ASSA ABLOY SOLUTION**

**ASSA ABLOY**

The global leader in door opening solutions

**WHAT WE HEAR**

City officials are dealing with a variety of challenges:

**COLLABORATION**  
between city stakeholders

**INTEGRATION**  
of data platforms

Achieving consensus for **FUNDING**

Justifying the cost of **INVESTMENT**

Limitations of **EXISTING INFRASTRUCTURE**

**RETROFIT**

Retrofit into existing hardware – no modifications required

**NO WIRING**

No wiring required – all power provided by the key

**XT INTELLIGENT KEY SYSTEM**

- Audit accountability
- Electronic scheduling
- Physical security
- Visual audit

**Infrastructure as a Platform**  
by Anixter

Infrastructure as a Platform by Anixter provides a comprehensive approach to maximizing the potential of an automated smart city, which starts at the physical layers.

## CONFIGURE

We help you discover and map your specific needs to the best solution.

- Enclosure type
- Size
- Color
- Accessories

## BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Grounding and bonding
- Power management
- Environment monitoring
- Physical security

## DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labelling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

## ASSA ABLOY MEDECO XT TRAFFIC CABINET LOCK FEATURES

### ✓ CRITICAL INFRASTRUCTURE

The Medeco XT Traffic Cabinet Lock helps secure critical infrastructure:

- Protects the hardware that controls the traffic lights in every city across America
- Adds the accountability necessary to help eliminate tampering and help secure the advanced equipment contained within these cabinets

### ✓ ESSENTIAL ACCESSORIES

Part of the Medeco XT Intelligent Key System providing:

- Audit accountability
- Electronic scheduling
- Physical security
- Visual audit

The Medeco XT Traffic Cabinet Lock is the quickest, most cost-effective way to add the accountability necessary to help eliminate traffic cabinet tampering.
