Who We Are

Anixter is a leading global distributor of communications and security products and electrical and electronic wire and cable. We help our customers specify solutions and make informed purchasing decisions around technology, applications and relevant standards. Throughout the world, we provide innovative supply chain management solutions to reduce our customers' total cost of production and implementation.

“As specialists in our end markets, we apply laser focus to streamlining the supply chain and achieving the lowest total cost of ownership for our customers.”

Bob Eck, CEO
