New iSecure Complete Cellular Alarm Systems by Napco Win MVP Award at ISC West

Amityville, NY – Napco Security Technologies is pleased to announce the debut of new iSecure[®] Complete Cellular Alarm Systems, coming soon to distributors. iSecure was chosen as a winner of the 2019 MVP (Most Valuable Product) Awards in the *Home Controls* Category during ISC West, April 2019 in Las Vegas. Entries were judged by a panel of experienced integrators on design, features and benefits. iSecure[®] Systems help security pros add more residential accounts and new RMR while offering the professional-grade security, remote Smart App & notification alerts consumers are looking for.

iSecure is available in 3 all-inclusive kits, with choice of wireless keypad, security touchscreen or connected home touchscreen, and includes two wireless window/door sensors and wireless PIR. iSecure guarantees the lowest equipment cost and professional installation in under an hour and features a Go-Anywhere[™] Smart Hub with built-in StarLink Cellular/IP LTE alarm reporting that literally goes anywhere, wall-mount or tabletop, allowing dealers to position it for best signal reception and less vulnerability to smashing; plus spoken voice prompts, 85db siren, RF-receiver & 24hr standby for max. power-outage-protection. StarLink cellular's Signal Boost[™] circuitry & dual-diversity antennae enable optimal signal reception, absorption & null avoidance. Consumer marketing materials also available.

For more on iSecure All-Inclusive Cellular Alarm Systems contact your local Sales Representative, call 1-800-645-9445 or visit its own all new website and register for intro classes as soon as they are available www.isecurealarms.com.
