ATLONA

COMMERCIAL BUILDING WORKFORCE PRODUCTIVITY

Through our strong global partnerships and alliances with manufacturers such as Atlona, we are able to present you with the following offering to meet your specific commercial building requirements.

Universal Switcher With Wireless Link – AT-UHD-SW-510W

The Atlona AT-UHD-SW-510W is a 5x2, multi-format matrix switcher with wireless presentation capability. It provides universal BYOD (bring your own device) compatibility with HDMI, DisplayPort, and USB-C inputs, plus wireless connectivity for mobile devices. The SW-510W is HDCP 2.2 compliant, and features matrixed or mirrored HDMI and HDBaseT outputs. It also includes automatic input switching and automatic display control capability, both applicable to wired and wireless source connections. This unique multi-format matrix switcher and wireless gateway provides a universal connectivity solution for presentation devices in a wide range of professional A/V applications.

Universal Switcher With Wireless Link
