

PRODUCT SOLUTIONS BRIEF
BOSCH

COMMERCIAL BUILDING RISK MANAGEMENT

Through our strong global partnerships and alliances with manufacturers such as Bosch, we are able to present you with the following offering to meet your specific commercial building requirements.

FLEXIDOME IP Panoramic 7000 MP

Bosch's FLEXIDOME IP Panoramic 7000 MP camera is a discreet low-profile camera for indoor use. The 12 MP sensor operating at 30 FPS provides full panoramic surveillance with complete area coverage, fine details and high speeds. The camera offers full situational awareness and simultaneous E-PTZ views in high resolution.

FLEXIDOME IP Panoramic 7000 MP

CHALLENGE SOLVERS

- The camera offers full 360° coverage of the designated area, which helps to eliminate blind spots and provide situational awareness by following movement on one continuous sweep.
- 12-megapixel sensor resolution and fisheye lens offers an overview image of an area while enabling users to simultaneously zoom in on an object of interest.
- Built-in Intelligent Dynamic Noise Reduction (IDNR) and (edge) dewarping helps to make sure that the high-resolution images are easy to manage and data are minimized.
- Intelligence video analytics minimizes data for easy management by providing images that contain relevant information only.
- It's easy to install thanks to the unique twist-click installation, which reduces installation times substantially.

THE ANIXTER APPROACH

- **Reception area**
Control visitors to the facility and validate various levels of staff authorization.
- **Department zones**
Secure assets and comply with privacy regulations with attention to specialized department zones.
- **IT space**
Protect networking infrastructure, IT servers and data storage in technical areas.

THE BOSCH SOLUTION

CAMERA MODEL	ANALYTICS	ACCESSORIES

 Invented for life

WHAT WE HEAR

Challenges from the various commercial building stakeholders are:

Providing a **SAFE** workplace

Reducing **THEFT**

Achieving **REGULATORY COMPLIANCE**

Preventing **CYBER THREATS**

Limiting physical building and network **ACCESSIBILITY**

**Infrastructure
 as a Platform**
 by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to deploy physical security infrastructure into your commercial building environment.

CONFIGURE

We help you discover and map your specific needs to the best solution.

- Monitoring software
- Environmental sensors
- Video analytics software
- Mounting equipment

BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Installation kits
- Surface-mount kits
- Software controls
- Illuminators

DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

BOSCH FLEXIDOME FEATURES

✓ PROVIDES A SAFE WORKPLACE

- 12 MP/30 fps sensor for fine details with smooth motion
- Edge or client-side dewarping for easy integration
- Intelligent video analytics on full panoramic overview
- Discreet low-profile design

✓ LIMITS PHYSICAL BUILDING AND NETWORK ACCESSIBILITY

- Intelligent tracking
- Dynamic noise reduction and transcoding
- ONVIF conformance and IPP support
- Seamless integration with third-party products

Panoramic birds-eye-view with FLEXIDOME camera
