

PRODUCT SOLUTIONS BRIEF  
**BOSCH**

**COMMERCIAL BUILDING RISK MANAGEMENT**

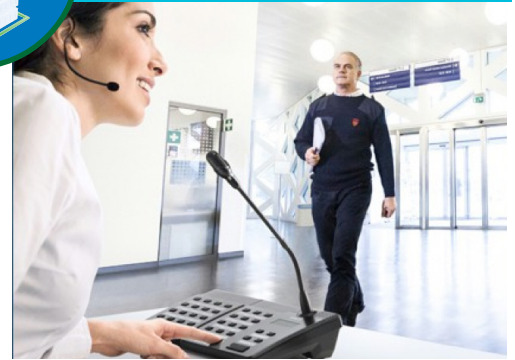

Through our strong global partnerships and alliances with manufacturers such as Bosch, we are able to present you with the following offering to meet your specific commercial building requirements.

**PAVIRO Public Address and Mass Notification System**

The PAVIRO Public Address and Mass Notification System with professional sound quality system offers best-in-class audio performance, flexibility, ease-of-use, and the highest energy efficiency. Reliance on IP technology means installers can use existing networks in the building infrastructure for faster installations and lower implementation costs.

This is one element of Bosch’s complete commercial building solution that includes video surveillance, intrusion and fire detection, access control and paging and mass notification.

Sleek, ergonomic desktop paging stations ensure ease-of-use.

**CHALLENGE SOLVERS**

- Highly flexible, modular system architecture that makes it an attractive solution for small-to medium-sized installations, such as office buildings, regional airports, hotels, factories, schools, department stores, and more.
- Lowest power consumption of any system in this class
- Accepts architecture changes at any stage during installation and provides a wide range of announcement/music combinations
- Fast, easy and complete set-up with both basic and expert configurations
- Professional sound quality

**THE ANIXTER APPROACH**

- **Property perimeter**  
Establish a physical boundary around the property edge to deter external threats.
- **Reception area**  
Control visitors to the facility and validate various levels of staff authorization.
- **Floor levels**  
Monitor visitor and employee traffic for safety and access to various parts of the building.

- **Specialized zones**  
Secure assets and comply with privacy regulations with attention to specialized departmental zones.
- **Technical space**  
Protect networking infrastructure, IT servers and data storage in technical areas.

**THE BOSCH SOLUTION**

COMPONENTS	SUPERVISION	SPEAKER
Controller Router Amp Call station	Amplifier with 24V DC input Redundant amplifier connection Speaker line supervision	Bosch or EV speakers Surface mount Ceiling mount Pendant mount

**BOSCH**  
 Invented for life

**WHAT WE HEAR**

Challenges from the various commercial building stakeholders are:

Providing a **SAFE** workplace

Reducing **THEFT**

Achieving **REGULATORY COMPLIANCE**

Preventing **CYBER THREATS**

Limiting physical building and network **ACCESSIBILITY**

**Infrastructure as a Platform**  
 by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to deploy physical security infrastructure into your commercial building environment.

## CONFIGURE

We help you discover and map your specific needs to the best solution.

- PAVIRO Matrix controller
- PAVIRO Matrix router
- PAVIRO Matrix call station
- PAVIRO Matrix call station extension

## BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Commercial audio speakers
- Mounting accessory
- Amplifiers
- Software controls

## DEPLOY

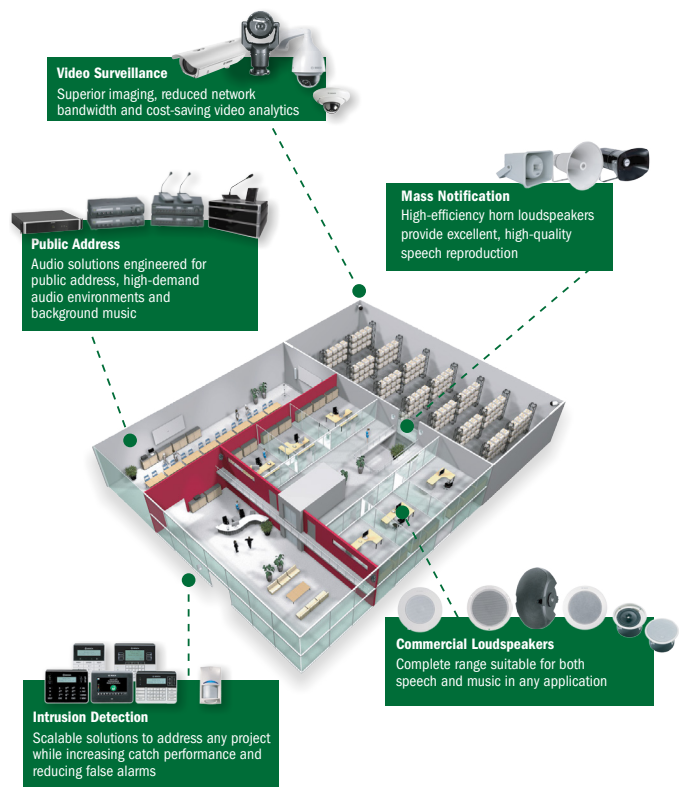

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

## BOSCH B6512 CONTROL PANEL FEATURES

### ✓ PROVIDING A SAFE WORKPLACE

- Four-channel matrix architecture offers flexible distribution of announcements and music across multiple zones
- Excellent audio and speech quality with low latency
- Loudspeaker zone monitoring
- Flash memory for 85 minutes of prerecorded messages
- Configure up to 984 zones
- Scalable up to 164,000 watts of amplifying power

Bosch's Pivaro system is part of a complete commercial building security solution that addresses video surveillance, paging, access control and intrusion detection to keep tabs on vulnerable areas and maintain safety for employees and visitors.
