

PRODUCT SOLUTIONS BRIEF
EATON

COMMERCIAL BUILDING SPACE UTILIZATION

Through our strong global partnerships and alliances with manufacturers such as Eaton, we are able to present you with the following offering to meet your specific commercial building requirements.

Eaton® RS Enclosure

Whether you have a network closet, server room, or multi-tenant data center, the Eaton® RS Enclosure provides an easy-to-configure solution for IT equipment storage. RS features tool-less configuration, optimized mounting for power distribution, flexible cable management solutions and security provisions.

CHALLENGE SOLVERS

- Multiple ePDU mounting options and out-of-the-box installation for ePDUs
- Pathways for cable ingress and egress at the top and bottom of the enclosure to accommodate large connectors and cable loops
- Tool-less ePDU mounting brackets with integrated cable management
- Enhanced physical security via a highly secure combination lock helps protect valuable IT resources from both internal and external threats
- Improved cable management helps maximize available enclosure space while improving airflow to prevent overheating
- Customizable mounting options that accommodate uninterruptible power systems (UPSs) and power distribution units (PDUs)

THE ANIXTER APPROACH

- **Work areas**
Create open and flexible work areas that can support permanent and visiting staff.
- **Collaboration zones**
Provide dynamic environments that simplify sharing of content and conferencing demands.
- **Common areas**
Establish consistent communication and connectivity in highly trafficked parts of the building.
- **Electrical facilities**
Monitor room-by-room electricity consumption and performance with intelligent power solutions.
- **IT space**
Plan for the appropriate floor space to support telecommunication rooms, data centers and IT resources.

THE EATON SOLUTION

SIZE RANGE

Height: 42U, 45U, 48U, 52U
 Width: 600 mm and 800 mm
 Depth: 1000 mm, 1100 mm, 1200 mm

PRECONFIGURED TYPES

Server
 Network
 Colocation

COLORS

White steel with black trim
 Black steel with black trim

Eaton's® RS Enclosure offers customizable mounting options that accommodate uninterruptible power systems (UPSs) and power distribution units (PDUs).

WHAT WE HEAR

Challenges from the various commercial building stakeholders are:

- ADAPTING** to a changing workforce
- Growing **COST** of real estate
- Rising **ENERGY** costs
- Offering **FUNCTIONAL MEETING** environments
- Meeting staff **COMFORT REQUIREMENTS**

Infrastructure as a Platform
 by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to optimizing real estate effectiveness in your commercial building.

CONFIGURE

We help you discover and map your specific needs to the best solution.

- Base configuration
- Height/width/depth
- Color
- Cable and thermal management

BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Rackmount ePDU
- Rackmount UPS
- Cable managers
- Thermal containment

DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

EATON RS ENCLOSURE FEATURES

✓ ADDRESSES HIGH-DENSITY DEMANDS

- Air dams: Top panels with brushes and grommets provide airflow management while facilitating overhead cabling
- ePDU: Eaton's extensive offering of managed and monitored ePDUs
- Cable management: Critical for ensuring air intake and exhaust paths are clear to maximize equipment cooling

✓ SAVES TIME AND COSTS

- RS supports tool-less configuration of all key enclosure components, reducing installation time
- Configured-to-order (CTO) solutions simplifies configuration and implementation processes

RS supports tool-less configuration of all key enclosure components, reducing installation time.

About Anixter: anixter.com/aboutus

Legal Statement: anixter.com/legalstatement

At Anixter, we enable the connected world. By building, connecting, protecting and powering valuable assets and critical infrastructures, we help to sustain and grow businesses and communities worldwide. We accomplish this by offering full-line solutions, technical intelligence, supply chain expertise and an unmatched global distribution network.
