

PRODUCT SOLUTIONS BRIEF  
LEGRAND

COMMERCIAL BUILDING WORKFORCE PRODUCTIVITY

Through our strong global partnerships and alliances with manufacturers such as Legrand, we are able to present you with the following offering to meet your specific commercial building requirements.

**RapidRun®**

Legrand's RapidRun is a complete audio/video cabling system built to save you time and money when installing the infrastructure to support your projector system, interactive whiteboard, digital signage system or audio/video system. Simple, multiformat and optical runners, wall plates and flying leads require no tools, splicing or soldering. Many configuration options are available to meet the needs of virtually any PC or audio/video application.

RapidRun Optical Connector

**CHALLENGE SOLVERS**

- RapidRun Multi-Format supports several signal types such as VGA, composite video, 3.5 mm stereo audio and RCA stereo audio. RapidRun Optical supports DVI or HDMI. Both solutions require only a single cable.
- Preterminated break-away flying leads and wall plates with an in-wall runner cable ensures flexible, efficient, high-quality connections for all types of equipment - with no field terminations
- While supporting up to a 4K resolution at up to 1,000 feet, RapidRun Optical provides enough bandwidth to serve the audio/video needs of commercial applications from classrooms to lecture halls and auditoriums to boardrooms for years to come.

**THE ANIXTER APPROACH**

• **Unified communication**

Choose the appropriate communications equipment to provide a high-quality voice, data, and video experience for employees.

• **Visual engagement**

Capture the attention of staff and visitors and deliver vital information through digital signage and mass notification solutions.

**THE LEGRAND SOLUTION**

**RUNNER CABLE**

Multi-Format  
Optical

**WALL PLATE**

HDMI Composite video  
VGA Stereo audio  
3.5mm

**FLYING LEAD**

HDMI Composite video  
VGA Stereo audio  
DVI  
3.5mm

**WHAT WE HEAR**

Challenges from the various commercial building stakeholders are:

Supporting a **BYOD** environment

Providing seamless **NETWORK AVAILABILITY**

Achieving **REGULATORY COMPLIANCE**

Restrictions of **LEGACY SYSTEMS**

Enabling **COLLABORATIVE** business communication

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to support advanced mobility and communications in your commercial building.

## CONFIGURE

We help you discover and map your specific needs to the best solution.

- RapidRun series
- Connection types
- Component types
- Multimedia accessories

## BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Media content players
- Sound and display equipment
- Collaboration furniture
- Racks and cabinets

## DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

## LEGRAND RAPIDRUN OPTICAL FEATURES

### ✓ COLLABORATIVE BUSINESS COMMUNICATION

- Single cable, multiple signals
- Supports full 1080p, 4K, 3D HDMI features up to 1,000 feet
- 18 Gbps bandwidth
- Half-inch diameter
- With fiber cabling, no need to worry about EMI or RFI interference
- Powered with USB at the display side
- Plenum, OFNP-rated

RapidRun family of audio/video cabling system
